

Require Registrars to Report Data Breaches

ISSUE: A.7	Require registrars to report data breaches	
Priority:	RAA Final Report: Medium	
Description of Topic	RAA-DT: 1) Insert language in the RAA defining a security breach as "the unauthorized access to or disclosure of registrant account data". 2) Insert language in the RAA requiring a registrar to promptly disclose, to ICANN and affected registrants, any security breach of registrar's IT network affecting its domain management systems after the discovery or notification of a security breach.
