**Adobe Connect chat transcript for Tuesday 31 March 2015:**

Nathalie Peregrine:Dear all, Welcome to the non-PDP Data & Metrics for Policy Making Working Group teleconference on 31 March 2015

Berry Cobb:CLO, a little faint on my end.

Cheryl Langdon-Orr:ook Berry I am in two calls and AC rooms at once so this one is AC only... I will adjust mike position and test again...

Graeme Bunton:French hold was french

Graeme Bunton:No objection to that, Berry

Chris Gift:SO-AC-C-S roundtable.

Cheryl Langdon-Orr:good 'cause I am keen to play. :- ) :- ) :- )

Terri Agnew:Sonigitu Ekpe has joined

Sonigitu Ekpe:Good day All.

Terri Agnew:Mouhamet Diop has joined

Nenad Orli:biggest problem is internal acronyms

Nenad Orli:first few meetings i barelz followed conversation because of that

Nenad Orli:and i am not total noob to icann

Berry Cobb:@Nenad - you are not alone. Many have expressed the same concern.

Berry Cobb:[icann.org](http://www.icann.org/resources/pages/glossary-2014-02-03-en) does have a glossry page: <https://www.icann.org/resources/pages/glossary-2014-02-03-en>

Nenad Orli:i hope i-m not >(

Nenad Orli:;)

Berry Cobb:The GNSO also has an acronym helper on its home page: <http://gns0.icann.org/en/acronyms.html>

Chris Gift:Yes

Glen de Saint Gery:yes thanks!

Sonigitu Ekpe:I think the Kavi will really be a good workspace.

Nenad Orli 2:gns0 list is better, but not good enough :)

Graeme Bunton:Do we have creds, so we can play along?

Sonigitu Ekpe:I think a link will be sent later.

Berry Cobb:@Graeme - very soon. Last slide that Steve will go through

Berry Cobb:sorry. Graeme. 30 lashes to me.

Graeme Bunton:I, like you I suspect, have almost given up on correcting people on name misspellings

Berry Cobb:I even misspell my own name now. Barry. ;-)

Ryan Casey:This is Ryan with Kavi - just to help make Steve's point, our calendar subscription feeds and our notifications play well with multiple calendar applicaitons, like Outlook, Apple, Google, etc...

Mouhamet Diop:it seems to be a very powerfull tool !

Sonigitu Ekpe:It is indeed.

Cheryl Langdon-Orr:looking forward to exploring and testing this tool

Ryan Casey:In addition to answering questions as you have them, we'd be glad to schedule a 30 minute training for anyone who is interested in seeing more of the features of Workspace

Cheryl Langdon-Orr:that would be great Ryan

Graeme Bunton:Most of our work should be open and transparent

Sonigitu Ekpe:+1 @ Graeme

Cheryl Langdon-Orr:huge concern and Pvt cloud post pilot would need to be explored

Cheryl Langdon-Orr:ahh mention of NIST gives me heart

Graeme Bunton:Not sure what would be in here that's not already in SOIs and public email lists?

Berry Cobb:Correct Graeme

Nenad Orli 2:bye all

Sonigitu Ekpe:Thank you.

Graeme Bunton:thanks all

Cheryl Langdon-Orr:good call. thanks all

Sara Bockey:thank you

Mouhamet Diop:thanks you

Mouhamet Diop:bye
