At-Large Workspace: SAC105 Comment		No Statement As per 24 July CPWG AI, this is an informal At-Large workspace on the topic. As per the 27 August ALAC Call, Olivier Crepin-Leblond noted: "The matter was discussed on the ALAC call of 27 August 2019. Andrei Kolesnikov, ALAC Liaison to the SSAC, mentioned that SAC105 was not a Statement as such that required any action from SOs and ACs. The purpose of SAC105 is purely informational and does not require any response from anyone. Thus it was felt that the ALAC did not need to comment on this topic. Perhaps, as an alternative a note from the ALAC Chair to the SSAC Chair congratulating the SSAC for its excellent document SAC105, would be a nice way forward. The ALAC should also bear in mind the existence of this document, to be used in future ICANN Strategic Planning discussions."	Olivier Crepin-Leblond							
At-Large Workspace: Alternative DNS Transport		As per 19 June CPWG AI, this is an informal At-Large workspace on the topic.
