I know there was an event in DC focused on nonprofits and some other one at the ICANN office, but we didn't know about it until we just got a review who are on the GNSO's mailing list about the event. And I know the same thing happens in New York and California, and other places, so it would be helpful if we could get a heads up on some of these events, that we might be interested in attending."

10 June: Joe provided a short and to the point report. See transcript page # 28.

Topic 047: Academic Credits

LEAD: Chris Mondini

LEAD COLLABORATORS: Yubelkys Montalvo (Universities) & David Morar (Students)

OPEN: 10 September 2018, CLOSED:

TYPE: General

DESCRIPTION: To work on ways that we could possibly exchange academic credit for students who participate in ICANN policy development processes

8 October [Recording: 27:00] : Two schools identified. Arizona State University, Phoenix - Responded enthusiastically. Best approach to use research clusters. These are groups of 4-5 student that choose a topic and work on it for a year under a direction of a University professor. At the end they produce a paper and present their findings. Most probably will start in fall '19. The other institutionalization is University of Colorado Boulder. Not moving forward at the moment but talks are open. Will follow-up with them in the future. programs. [Decision]: Carry forward to next meeting.

12 November [Recording: 16:55]: There has not been much progress since the last call. From transcript: "Our next step is that we're talking with our policy development support team, and also people that run reviews, and we're asking them if we get these students for a six-month period or a nine-month period or a 12-month period, what is the way that we could deploy them to further ICANN's work?" . Check transcript starting in page #13 for more details.

Topic 050: Student Outreach by the North American Graduate Students At-Large Structure

LEAD: David Morar, Anna Cecile Loup

OPEN: 12 November 2018, CLOSED:

TYPE: Outreach

DESCRIPTION: To provide an updated report on efforts related to outreach University students by the North American Graduate Students At-Large Structure

12 November [Recording: 22:00]: A couple of suggestion given during this discussion. From Heidi Ullrich: " a grad student, who's often the teacher's assistant [to lead the classes,] so the undergrad, could then work with on the **case study** with these undergrads. And that might be a significant part of their grade. So just a possibility there that you can combine grad and undergrad students here". From George Kirikos: " there are independent study programs for undergraduate students as well as graduate students, so doesn't necessarily have to be graduate students only. And also, ICANN did announce their **open data initiative** several months ago, so perhaps the credit could be kind of tied into that program, because that would obviously allow for various research or studies from students, either analyzing that data, or perhaps even better, creating some of that open data for other researchers". Check transcript starting in page #15 for more details.

10 December [Recording: 39:30]: Check transcript starting in page #25 for more details.

14 January [Recording: 27:00]: Nothing to report. Apologies provided.

July 15: Apologies received by David Morar. Will report next time.

On the EPDP, we are in the process right now of looking at a number of sample use cases for under what conditions would third parties get access to the confidential data. The use cases we're looking at are selection that is being provided by a number of members. They're not meant to be exhaustive but will hopefully give us a feel for the kinds of things we need to consider in building the general case."* More details in the transcript.

ARIN is the only RIR that does not have any of those programs, so we have to think of different ways of trying to work with them. But we are going to try to reintroduce the idea again, but also trying to figure out our topic so that we can get the RIRs to know us more and us to know what they are doing."* Check transcript starting in page #23 for more details.

Topic 069: Board Candidate Evaluation Committee (BCEC) & Board Member Selection Process Committee (BMSPC)

LEAD: Alan Greenberg

OPEN: 12 August 2019], CLOSED:

TYPE: General

DESCRIPTION: To call for volunteers to participate in these groups and to update the region on its work

SUPPORTING BACKGROUND AND DOCUMENTATION:

Initial email sent to all RALOs:

"Dear All,

To prepare for the selection of the Board Member selected by At-Large to be seated at the October 2020 Annual General Meeting, Maureen Hilyard, the Chair of the ALAC, has asked staff to make an immediate call for members of the two groups who will be responsible for moving the process forward.

According to the ALAC Rules of Procedure (2018) (<https://tinyurl.com/y6kp9p6u>), the two groups are the 2019-2020 Board Member Selection Process Committee (BMSPC) and the 2019-2020 Board Candidate Evaluation Committee (BCEC). Please see ALAC Rules of Procedure Section D.19 - Procedure for Making the Selection to fill Seat 15 on the ICANN Board.

The deadline for applying to be members of these groups is 23:59 UTC on Monday 15 August 2019.

If you are interested, please send a note to At-Large staff at staff@atlarge.icann.org specifying which committee(s) the application is for and attach an Expression of Interest (EoI) explaining your interest and citing any applicable experience/knowledge.

Please note that your personal data submitted with your EoI may be shared with the RALO leadership, RALO ALS representatives, and/or ALAC Members /Leadership, as appropriate, as part of the evaluation and selection process, and that, if selected, your name and regional affiliation will be published on the BCEC Workspace (<https://tinyurl.com/yxzbghsg>) or the BMSPC Workspace (<https://tinyurl.com/y3z5mfxq>) as relevant. The processing of your personal data for these purposes will be carried out in accordance with the ICANN Privacy Policy and the website Terms of Service.

The At-Large Board Member 2019-2020 Selection Workspace is available at: <https://tinyurl.com/yxqck74k> [[tinyurl.com](https://tinyurl.com/yxqck74k)].

The RALO leadership is requested to send a list of their RALO's supported candidates and alternates for each group to the Chair of the ALAC and staff by 23:59 UTC Tuesday, 23 August 2019.

The ALAC will name the final membership soon after.

The details of the two groups are:

1) Board Member Selection Process Committee (BMSPC)

According to Article 19.2 of the ALAC Rules of Procedure:

"The ALAC shall name a Board Member Selection Process Committee (BMSPC) which shall oversee the entire selection process including the election culminating the process but excluding those responsibilities specifically retained by the ALAC or given to the Board Candidate Evaluation Committee. The composition of the BMSPC will be regionally balanced and the committee will be populated with two representatives of each region selected by both the

ALAC and the RALOs plus a chair selected by the ALAC. For each region, one Alternate member will be selected who can replace a member from the same region who for whatever reason is not able to fully participate and such replacement will be at the sole discretion of the BMSPC Chair in accordance with BMSPC guidelines."

The group is open to ALAC Members, At-Large community members and to RALO Leaders. However, the membership should include members of the community with significant experience from previous Board Director selected by At-Large process. English will be the working language of this group. The workload of the BMSPC is not expected to be very heavy.

The group must be regionally balanced, with two representatives from each of the five RALOs. Each RALO will also select an Alternate member in the event one of the original members must be replaced. The RALO selection may be done by any means thought appropriate by the RALO leadership.

Please note that no member of the 2019-2020 BMSPC may submit an Eol for the position of the Board Director selected by At-Large.

The ALAC has selected Alan Greenberg as Chair of the BMSPC. The first meeting of the BMSPC will be scheduled for early September.

2) Board Candidate Evaluation Committee (BCEC)

The ALAC Rules of Procedures state the following on the composition and task of the BCEC:

"19.3 The ALAC shall name a Board Candidate Evaluation Committee (BCEC) to compile an initial slate of candidates for election to Seat 15. A new BCEC consisting of two delegates selected by each of the RALOs plus a chair selected by the ALAC will be convened for each Board seat selection process. Each RALO shall also select an Alternate member who can replace a member from the same region who for whatever reason is not able to fully participate and such replacement will be at the sole discretion of the BCEC Chair in accordance with BCEC guidelines."

"19.4 The task of the BCEC is to identify applicants who would each make an excellent Board Director. [19.4.1] Applicant selected by the BCEC must meet the criteria specified in the ICANN Bylaws Article VI, Section 3 (<http://www.icann.org/en/about/governance/bylaws#VI-3> [icann.org]). These criteria include but are not limited to being: a) accomplished persons of integrity, objectivity, and intelligence, with reputations for sound judgment and open minds, and a demonstrated capacity for thoughtful group decision-making; and b) persons with an understanding of ICANN's mission and the potential impact of ICANN decisions on the global Internet community, and committed to the success of ICANN. Moreover, the Director selected by the At-Large Community must understand the mission of At-Large and the needs of the global community of Internet end users."

"19.5 No member of the electorate (Paragraph 19.10) may simultaneously serve as a member of the BCEC."

According to 19.5, members of the electorate (i.e., members of the ALAC and RALO Chairs who will be serving in 2020) may not be BCEC members.

The group must be regionally balanced, with two representatives from each of the five RALOs. Each RALO will also select an Alternate member in the event one of the original members must be replaced.

Additionally, no member of the 2019-2020 BCEC may submit an Eol for the position of the Board Director selected by At-Large.

Please note that experience on previous BCECs, on the ICANN Nominating Committee or comparable experience is an asset. The RALO selection methodology must ensure that only suitably qualified candidates are put forward to the ALAC by the RALO Chair.

English will be the working language of this group.

The ALAC has selected YrjÄ¶ Lansipuro as Chair of the BCEC. The first meeting of the BCEC will be scheduled for early September."
