

ARIN - NARALO MOU

At our last NARALO call the request by the Chair is to ask the community of any interest to become our liaison between ARIN and NARALO.

The only expression of interest has come from Kerry Brown.

We also have been communicating with Susan Hamlin of ARIN to consider a MOU between our two organizations. Most of the RALO's have a close relationship and three of the five have a signed MOU with their corresponding local organisation.

American Registry for Internet Numbers a not for profit, membership-based company operating the regional internet registry in the North American and Caribbean region and is one of the five Address Supporting Organizations of ICANN hereinafter referred to as **ARIN**

To learn more about ARIN visit www.arin.net

We will keep the community informed on the progress of this MOU. If possible it would be great to have a signing ceremony in LA if all goes well.

Glenn

Timelines

- On Sept 23 a draft MOU was sent to Susan Hamlin of ARIN.
- Reminder email on Sept 30 to Susan Hamlin
- Wiki page set up by staff on Sept 30
