Heidi Ullrich:@Cheryl/ other TG leaders, should we simply put the link to the TG workspaces in the agendas pages?

Cheryl Langdon-Orr:thè Agenda for the TG's are really just the blocks of times allocated. Let's discuss this more in the meeting tomorrow but. yes a link to more detailed materials is an obvious way forward. HOWEVER in TG2 at least we would want to send the prep materials including any detailed Agendas or methods to share with our group participants first and in creating that correspondence the link to material can be prepared
