CPWG April 2020: Monthly Summary

During April 2020, the CPWG held 4 weekly meetings, as well as 2 Single Issue Calls on Specific Guideline Changes and Specific Guideline Changes Cont. The CPWG also continued to circulate the At-Large GeoNames Survey, with a deadline of 30 April to derive At-Large consensus on the SubPro topic. The CPWG is planning a Single Issue Call in May to address the topic. The CPWG meetings in April featured ongoing discussions on At-Large policy session planning for ICANN68, ISOC/PIR and the related ALAC Advice to the ICANN Board. The weekly CPWG meetings also featured updates on EPDP II, SubPro and ongoing At-Large policy comments/advice, including an update on the PDP 3.0 and the newly published Consensus Playbook. In April 2020, CPWG meetings continued interpretation services to the Community in EN, ES and FR and exceeded an average of 50+ participants per call.
