What is the At-Large Summit?

The ICANN At-Large Advisory Committee (ALAC) along with the At-Large community will hold a second At-Large Summit (ATLAS II) at the June 2014 ICANN Meeting in London on the theme of "Global Internet: The User Perspective:.

ATLAS II will build upon the successful activities of the At-Large community since the first At-Large Summit (ATLAS) was held alongside the ICANN Meeting in Mexico in March 2009 – an event of fundamental importance since it became the foundation stone to the involvement of many of our At-Large Structures (ALSes) in ICANN.

In June 2014, the ATLAS II will welcome the representatives of over 160 ALSes around the globe to participate in its events.
