What is the third At-Large Summit (ATLAS III)?

ATLAS III is an assembly of future At-Large Ambassadors, focused on developing and nurturing potential thought leaders and change agents who will implement what has resulted from the At-Large Review Process, namely, more effective participation of At-Large members in the policy advice process.

ATLAS III will provide participants with the skills required to effectively represent the best interests of the end users within ICANN.

See the ICANN org blog on ATLAS III [here](https://icann.org).
Approximately, sixty At-Large members and current and incoming At-Large leaders are invited to be ATLAS III.

See all ATLAS III Funded Travelers.

Details on how the ATLAS III participants were selected are available here: ATLAS III Participant Selection Process

Other At-Large members are welcome to be observers in ATLAS III.
