1. **SSAC MEETING WITH ALAC.** The briefing provided by Patrik Fältström, the SSAC Chair, on Sunday 18 October gave a summary of the most recently released SSAC Report, available on the SSAC Reports and Advisories Webpage:

   - SAC073: SSAC Comments on ICANN Root Zone Key Signing Key Rollover Plan dated 5 October 2015

SAC073 provides a Public Comment on the Root Zone KSK Rollover Plan and refers the Design Team to an earlier Report SAC063 SSAC Advisory on DNSSEC Key Rollover in the Root Zone. In November 2013, SAC063 provided 5 recommendations for ICANN and the Root Zone Management Partners. In October 2015, SAC073 notes that there is not a comprehensive correlation of the recommendations in SAC063 with material presented in the ICANN KSK Rollover Plan and requests that the final report respond directly to each of the recommendations.

Patrik also advised of the other current active Working Parties within SSAC:

   - New gTLDs: Mid-course correction, Collisions, Timing of next round
   - Registrant Protection/Credential Management

Both of these Work Parties are covering topics that are of interest to the ALAC. The ALAC in particular expressed the desire to assist in publicising the Registrant Protection/Credential Management Report when issued.

2. **SSAC INVOLVEMENT IN CCWG ON ACCOUNTABILITY.** A great deal of time throughout the course of ICANN54 was devoted to the work of the CCWG Accountability, resulting in significant progress. As one of the two SSAC Representatives on the CCWG, I attended all scheduled sessions as detailed below.

   **CCWG Accountability Meetings**

   **Friday 16 October**
   1400-1830: CCWG Accountability Working Session

   (The meeting actually started at 0830, but I did not arrive in Dublin till 1200)

   **Saturday 17 October**
   0830-1200: CCWG Accountability Break-out Session

   **Monday 19 October**
   1015-1200: CCWG Accountability Engagement Session
   1400-1830: CCWG Accountability Working Session

   **Wednesday 21 October**
   1700-1900: CCWG Accountability Engagement Session

   **Thursday 22 October**
   0800-1030: CCWG Accountability Working Session

   During the final session, I advised the CCWG that the SSAC had determined during its deliberations in Dublin that it does not wish to take on any role in exercising community powers, but will continue to provide its input on security and stability aspects in a purely advisory capacity. This may take the form of providing such advice in the Community Forum, with the objective that the community be able to judge that advice on its merits and take it into consideration in its decision making.

3. **MEETINGS ATTENDED IN DUBLIN.** In addition to the CCWG Accountability Meetings, I attended the following ALAC, SSAC and other general meetings:

   **SSAC Meetings**

   **Sunday 18 October**
   1430-1500: SSAC Briefing to GNSO
