Board Resolution on the Acknowledgement of the Third At-Large Summit

What is the third At-Large Summit (ATLAS III)?

ATLAS III is an assembly of future At-Large Ambassadors, focused on developing and nurturing potential thought leaders and change agents who will implement what has resulted from the At-Large Review Process, namely, more effective participation of At-Large members in the policy advice process.

ATLAS III will provide participants with the skills required to effectively represent the best interests of the end users within ICANN.

See the ICANN org blog on ATLAS III here.

When is ATLAS III?

ATLAS III will take place Monday, 4 November through Thursday, 7 November 2019 during ICANN 66 in Montreal, Canada.

Who is participating in ATLAS III?

**Why ATLAS III?**

| PURPOSE | ATLASIII will be an assembly of the future leaders of At-Large, focused on developing and nurturing their abilities to become thought leaders and change agents who will effectively implement what has resulted from the Review Process. |
| ORGANISING COMMITTEE PREPARATION | In August 2018, a small Organising Committee met to address an urgent call about meeting area requirements for the ATLAS event. The CEO approached the Board for a request a budget for ATLAS III. The Board approved S400K (for the venue and 60 travelers). One large plenary room / ALAC meeting room and four breakout areas were reserved for the event. The ATLAS III program will involve two workstreams: Leadership Development (coordinated by Maureen Hillyard & Alan Greenberg), and Programming (coordinated by Olivier Crepin-Leblond & Eduardo Diaz). Logistics will be coordinated by staff and sponsorship will be sought independently for any additional activities. |
