Board Resolution on the Acknowledgement of the Third At-Large Summit

What is the third At-Large Summit (ATLAS III)?
ATLAS III is an assembly of future At-Large Ambassadors, focused on developing and nurturing potential thought leaders and change agents who will implement what has resulted
from the At-Large Review Process, namely, more effective participation of At-Large members in the policy advice process.

ATLAS III will provide participants with the skills required to effectively represent the best interests of the end users within ICANN.

See the ICANN org blog on ATLAS III here.

**When is ATLAS III?**

ATLAS III will take place Monday, 4 November through Thursday, 7 November 2019 during ICANN 66 in Montreal, Canada.

**Who is participating in ATLAS III?**

Approximately, sixty At-Large members and current and incoming At-Large leaders are invited to be ATLAS III.

See all ATLAS III Funded Travelers.

Details on how the ATLAS III participants were selected are available here: ATLAS III Participant Selection Process

Other At-Large members are welcome to be observers in ATLAS III.

**Why ATLAS III?**

- **PURPOSE**
  
  ATLAS III will be an assembly of the future leaders of At-Large, focused on developing and nurturing their abilities to become thought leaders and change agents who will effectively implement what has resulted from the Review Process.

- **ORGANISING COMMITTEE PREPARATION**
  
  In August 2018, a small Organising Committee met to address an urgent call about meeting area requirements for the ATLAS event. The CEO approached the Board for a request to budget for ATLAS III. The Board approved $40K (for the venue and 50 travelers). One large plenary room ATLAS meeting room and four breakout areas were reserved for the event. The ATLAS programme will involve two workstreams: Leadership Development (coordinated by Maureen Hilyard & Alan Greenberg), and Programming (coordinated by Olviert Crepin-Leblond & Eduardo Dias). Logistics will be coordinated by staff and sponsorship will be sought independently for any additional activities.

- **GOALS AND OBJECTIVES**
  
  **GOAL:**
  
  To support a strong leadership pipeline programme that will develop competent, visionary, and knowledgeable policy-focused leaders who will not only advocate for the rights and interests of Internet users within ICANN, but also appropriately and actively represent the interests of ICANN within their local and global outreach and engagement activities.

  **OBJECTIVES:**
  1. Develop a set of demonstrable criteria by which we can select the 60 At-Large members to ATLAS III
  2. Support the preparatory programme in which prospective applicants will be able to participate, as laid out in the ATLAS programme on ICANN66.
  3. Identify and encourage the development of a policy focus for each level of engagement that will lead to the creation of an At-Large/ACG level
  4. To incorporate a mentorship program whereby we may build leadership capacity within the At-Large that will create a strong contingent of potential leaders within the At-Large, IACs and Working Groups.

- **LEADERSHIP DEVELOPMENT**

- **PROGRAMMING**

  - **SCOPE:**
    - Plenary Conferences, Workshops, Networking Events, and other ICANN meetings.
  - **RESPONSIBILITIES:**
    1. Define & structure all anticipated events and activities leading up to ATLAS III (June to Nov 2019)
    2. Define specific meeting processes to capture expected outcomes (for example: discussion and deliberation, timeframes, consensus process, etc.)
  - **EXPECTED OUTCOMES:**
    1. Daily summary reports
    2. ATLAS III outcomes to follow through after the event
    3. General report of ATLAS III activity
    4. Fully functional and motivated next generation of At-Large Leaders
    5. Short video interviews of selected participants
