

Joint AFRALO-AfrICANN Working Group

Introduction

The idea to organize a joint meeting for the African Regional At-Large Organisation (AFRALO) and AfrICANN developed shortly after the ICANN Nairobi meeting in early 2010. In the context of the global discussion on New gTLDs, the African ICANN participants wanted to formulate and publish an African position on new gTLDs reflecting the positions of all African stakeholders.

The first joint meeting, held at the ICANN Brussels meeting in June 2010 proved to be a great success and led to a second joint event at the ICANN Cartagena meeting in December 2010. In addition to a follow up on new gTLD developments, the second meeting focused on ways to strengthen ICANN's volunteer model.

The Third joint meeting will be held at the ICANN San Francisco meeting in March 2011. Its key topic will be the possible revision of ICANN's geographic regions.
