<p>11) Additional information (optional):</p>	<p>I have been the Pen Holder for several ALAC Policy Comments. These were for Constituency Travel comments, Several Budget Public Comments, Auction Proceeds, and for dot.org. I have also submitted comments to many other ALAC policy comments as well. I have also submitted several individual comments as well to ICANN.</p> <p>I developed and fought to have captioning available for working groups and other At Large Meetings and had submitted a special budget request to the ICANN Board and received funding for 2015, & 2016 and 2017. In late 2017 captioning, now called RTT was placed in the ICANN core budget.</p> <p>I have advocated to have captioning for all ICANN Learn videos as well as all presentations to ensure all who want to engage and participate are able to do so on equal footing.</p> <p>I have spoke on Internet Governance at several technology conferences some sponsored by ICANN and some not, for example: I was a featured speaker at NTEN talking about Internet Governance, also at the North American School Of Internet Governance.</p>
