

# ALAC 2012.04.17 AC Chat EN

Heidi Ullrich: There has not been a call of the RRR since Costa Rica.  
Evan Leibovitch: choice confidence, competition and innovation.  
Evan Leibovitch: That's the title of the group. Whether it accomplishes the goal it seeks is ... questionable IMO.  
Alan Greenberg: Regarding SO/AC Monday meeting, found e-mail from Olivier (<http://atlange-lists.icann.org/pipermail/alac/2012/002053.html>) but no pointer to a wiki.  
Cheryl Langdon-Orr: CCI = itis Trust not Innovation Evan Innovation is a measure TRUST is the term in the resolution (amd AoC) for metrics work  
Dev Anand Teelucksingh: \*6 to mute  
Alan Greenberg: Always \*6 to mute. Unmute is \*7 here and \*6 (a toggle) on GNSO calls.  
Cintra Sooknanan: hrrm  
Dev Anand Teelucksingh: thanks Cheryl re: timing of meetings - still will attempt over the weekend to get a RALO dashboard out for comment  
Evan Leibovitch: +1 Alan.  
Cheryl Langdon-Orr: NP there is SO much going on ATM  
Evan Leibovitch: JJS also given a +1 to Olivier.  
Evan Leibovitch: @Alan: the theory is that the volunteers in ICANN are leaders (or at least represenattives or champions) of their respective communities.  
Alan Greenberg: Normally, a Leader has someone following them.  
Alan Greenberg: @Evan, sometimes that is true. But, for instance, in the case of NomCom appointees, that is not the case.  
Evan Leibovitch: Agreed  
Alan Greenberg: But ICANN tends to use the term to (imo) inflate the importance of all active volunteers on AC/SO, etc.  
Carlton Samuels: @Alan: One of the attributes NomCom put high on its list of personal attributes is 'leadership in.....'  
Evan Leibovitch: Also agreed. I was thinking in the sense of the target for the Academy which I wouldn't consider to be too valuable to NomCom members.  
Carlton Samuels: @Evan: +1  
Gisella Gruber-White: @ Olivier - Sala is not on the call  
Cintra Sooknanan: opps sorry about that  
Evan Leibovitch: We HAVE been able to accommodate Board/ALAC meetings in the ALAC room (horseshoe layout) in previous meetings. I don't know why we cannot continue to simply have the Board in our room for these meetings.  
Evan Leibovitch: One possibility -- create a standing ALAC/GAC group that would maintain contact between ICANN meetings  
Cheryl Langdon-Orr: which of course we tried / agreed to in preincipal before so YES indeed Evan good plan  
Evan Leibovitch: There's no good was to pronounce the acronym "RIR" as a word ;-)  
Evan Leibovitch: way  
Oksana Prykhodko: Could you pls send me such list?  
Cintra Sooknanan: That doodle has been sent out  
Oksana Prykhodko: Evan, great idea - ALAC/GAC group!  
Cheryl Langdon-Orr: As a Liaison SHOULD  
Cheryl Langdon-Orr: Alan lives in GNSO room Me \*should8 be in ccNSO, Julie in SSAC and Ron with YOU OCL  
Cintra Sooknanan: Yep, I've spoken to Andres on it... it's very difficult to get in contact with .MOBI  
Cheryl Langdon-Orr: that is why it is a dot Mobi compliance with their contract requirements issue Cintra  
Evan Leibovitch: more info on Compliance during the Future Challenges WG report  
Eduardo Diaz: Who is the new CO? Has he/she been appointed?  
Evan Leibovitch: Anyone who say my exchange with Xavier in San José will know that some of us have indeed  
Evan Leibovitch: "notched it up" a bit  
Evan Leibovitch: @Eduardo. media reports have indicated that it's down to a short list of 4  
Evan Leibovitch: Eduardo. please forgive my spelling  
Eduardo Diaz: @evan: use just ed :)  
Evan Leibovitch: I suspect that they may be pushing back the CEO announcement, given all the other activities they've had to push back lately.  
Evan Leibovitch: The big "reveal party" planned for Las Vegas may apparently needed to be rescheduled -- or just cancelled if they can't pin down a date :-  
P  
Gisella Gruber-White: Avri has joined the call  
Heidi Ullrich: CEO Search Announcement: <http://www.icann.org/en/news/announcements/announcement-2-21feb12-en.htm>  
Cintra Sooknanan: Tijani you are muted  
TT: now we hear u Tijani  
Heidi Ullrich: Rinalia has had to leave the call.  
Heidi Ullrich: Rinalia reminds everyone to please add their comments to the IDN VIP Next Steps draft statement: <https://community.icann.org/pages/viewpage.action?pageId=31170446>  
Evan Leibovitch: @Alan: we may not have convinced the Board not to act, but we certainly helped bolster their case for non-action against the forces that were pressing for action  
Carlton Samuels: @Alan: We might NEVER know the real reason bBUT when all the stars align, why not say we were in the mix! Take a bow  
Evan Leibovitch: +1 .... It's just that we don't know in what direction to bow ;-)  
Carlton Samuels: At Olivier: LOLLOLOLOL  
Cintra Sooknanan: ouch  
Evan Leibovitch: no, if you don't say anything we'll take credit for it  
Heidi Ullrich: I wonder how this is being interpreted! ;)  
Carlton Samuels: @Heidi: Good catch! Hmrrrrrr  
Cheryl Langdon-Orr: you've already lost Rinallia  
Heidi Ullrich: <https://community.icann.org/display/alacpolicydev/At-Large+Statement-on+the+Verisign+Request+to+Implement+Redemption+Grace+Period+%28RGP%29+for+.name+Workspace>  
Evan Leibovitch: RPG - rocket propelled grenade  
Olivier Crepin-Leblond: Yes -- and I am mindful of the length of the call going over the 90 minutes hence votes needed ASAP  
avri: i though he meant role playing game.  
Olivier Crepin-Leblond: Matt's freudian slip about living in Los Angeles where RPGs are more likely to be encountered than RGP's  
avri: definately a lot of Role Playing in LA  
Cheryl Langdon-Orr: Interestong I immedeatly though audinance ;-)  
Heidi Ullrich: The ALAC supports the Verisign request to implement the Redemption Grace Period (RGP) for .name at the 2nd and 3rd level as well as for e-mail forwarding. We note that the request states that the RGP is voluntary. This is currently correct, but once the Board approved Post Expiration Domain Name Recovery PDP recommendations are implemented, it would be mandatory for .name. For most TLDs, the RGP only applies to 2nd level registrations, and PEDNR was silent as to whether it should also apply at any other levels. The ALAC applauds Verisign for taking the initiative to begin implementation of the RPG for .name prior to it being formally required, and is particularly pleased that they have chosen to implement it at all levels at

which registrations are made.

Gisella Gruber-White: @ Alan - please speak loud and clear

Gisella Gruber-White: the interpreters are having difficulty hearing you

Heidi Ullrich: text for interpreters...

Evan Leibovitch: Short statement: "We agree. Thank you"

Matt Ashtiani: DRAFT STATEMENT

Matt Ashtiani: The ALAC supports the Verisign request to implement the Redemption Grace Period (RGP) for .name at the 2nd and 3rd level as well as for e-mail forwarding. We note that the request states that the RGP is voluntary. This is currently correct, but once the Board approved Post Expiration Domain Name Recovery PDP recommendations are implemented, it would be mandatory for .name. For most TLDs, the RGP only applies to 2nd level registrations, and PEDNR was silent as to whether it should also apply at any other levels. The ALAC applauds Verisign for taking the initiative to begin implementation of the RGP for .name prior to it being formally required, and is particularly pleased that they have chosen to implement it at all levels at which registrations are made.

Evan Leibovitch: Duelling statements!

Matt Ashtiani: please remember to speak slowly as the interpreters must follow the conversation

Alan Greenberg: Note RGP not RPG in last sentence.

Eduardo Diaz: I second

Heidi Ullrich: We will fix that, Alan

sergio salinas porto: yes olivier

Evan Leibovitch: Does

Evan Leibovitch: this

Evan Leibovitch: mean

Evan Leibovitch: typing

Evan Leibovitch: slowly

Evan Leibovitch: too?

Cheryl Langdon-Orr: LOL @ Evan

Matt Ashtiani: :-D

Alan Greenberg: @evan

Cintra Sooknanan: Sergio you are muted?

Alan Greenberg: Y

Alan Greenberg: E

Alan Greenberg: S

Heidi Ullrich: RPG has been correct to RGP: <https://community.icann.org/display/alacpolicydev/At-Large+Statement+on+the+Verisign+Request+to+Implement+Redemption+Grace+Period+%28RGP%29+for+.name+Workspace>

Carlton Samuels: Do we really need this sentence "For most TLDs, the RGP only applies to 2nd level registrations, and PEDNR was silent as to whether it should also apply at any other levels."

sergio salinas porto: no se escucho?

Eduardo Diaz: @sergio - No.

Alan Greenberg: @Carlton I think that it is factual .o you disagree?

Yaovi Atohou: I support the ALC statement on RGP

Yaovi Atohou: ALAC please

Carlton Samuels: @Alan: Don't disagree. But just wondering why we tell ICANN that!

sergio salinas porto: was only my support

Alan Greenberg: I think it is needed because it gives the rational for saying that they are going over and above strict letter of law.

Cintra Sooknanan: Sergio is not hearing?

Eduardo Diaz: @cintra: I think he can hear but somehow he said something that did not go thru

Evan Leibovitch: Gotta watch about how we use the term "red cross" nowadays

Cintra Sooknanan: Natalia?

Gisella Gruber-White: Natalia has dropped - we are dialling out to her

Cheryl Langdon-Orr: LOL \*again\* Evan

Dev Anand Teelucksingh 2: lol @evan

Natalia Enciso: sorry

Gisella Gruber-White: She has just joined again

Gisella Gruber-White: back on Spanish channel

Natalia Enciso: Yes I was out of the call, just reconnected

Carlton Samuels: I will have to drop off in another 10 mins!

avri: i thought this was a very good use of red cross. or are you afraid they will sue ALAC? C&D on its way now?

Evan Leibovitch: We may need a license

sergio salinas porto: yes @cintra I listen, but you did not listen

Alan Greenberg: Since cross her is not upright but at 45 degrees, no violation.

sergio salinas porto: technical problem ;)

Evan Leibovitch: It's not the graphic element in contest, just use of the string "redcross" ;-)

Alan Greenberg: Thanks you.

Alan Greenberg: Oops - Thank You

Heidi Ullrich: 10 yes, 0 no, 0 Abstentions

TT: Just a quick note will need to leave the meeting in five minutes for my next meeting.

Heidi Ullrich: Thanks, Titi.

TT: will read meeting notes and if any thoughts/comments will share.

Cheryl Langdon-Orr: To save time I will take the matter I raised for AOB/ WG report re the links from WG Report matter on the Agenda regarding confusing links to pages up with Staff (Matt) directly with OCL & Heidis' approval as an AI of you so desire

Heidi Ullrich: I approve :)

Olivier Crepin-Leblond: ok thanks

Evan Leibovitch: Two comments have been received so far

Cheryl Langdon-Orr: too many Julies

Matt Ashtiani: <https://community.icann.org/pages/viewpage.action?pageId=31174679>

Heidi Ullrich: The agenda page has been adopted to reflect the recent adoption of the SSR RT Draft Report statement and the VeriSign RGP statement

sergio salinas porto: me escuchan?

Eduardo Diaz: @sergio: ahora podemos oirte

Evan Leibovitch: @Natalia, you still have a check mark showing

Heidi Ullrich: Policy Development page: <https://community.icann.org/display/alacpolicydev/At-Large+Policy+Development+Page>

Eduardo Diaz: @Natalia: Quita el check-mark que tienes en tu nombre en la lista  
Carlton Samuels: I'm dropping off. Bye all  
Cintra Sooknanan: bye bye  
Evan Leibovitch: Bye carlton  
Cheryl Langdon-Orr: and most ccTLD (though not all) operators have close ties to their Gov's any way so I see NO reason for us to make comment  
Natalia Enciso: Thanks Evan  
Eduardo Diaz: Sorry but I have to move to another appointment.  
Eduardo Diaz: Bye.  
Cintra Sooknanan: Great idea Cheryl and APRALO  
Cintra Sooknanan: I am disconnected
