Brief Overview			
Originating Organization:	ICANN Security Team		
Categories/Tags:	Security/Stability		
Purpose (Brief):	ICANN is publishing its FY 13 Security, Stability & Resiliency Framework for community review. The Framework is an annual document, published in connection with ICANN's fiscal year calendar. The Framework describes ICANN's role in the ecosystem and operational priorities in security, stability and resiliency of the Internet's unique identifiers.		
Current Status:	Open for public comment		
Next Steps:	Comments will be collected and incorporated into the FY 13 SSR Framework.		
Staff Contact:	Patrick Jones	Email:	patrick.jones@icann.org
Detailed Information			
Section I: Description, Explanation, and Purpose			
1 June 2012			
<p>ICANN is publishing its FY 13 Security, Stability and Resiliency Framework for community review. The Framework is an annual document, published in connection with ICANN's fiscal year calendar. The Framework describes ICANN's role in the ecosystem and operational priorities in security, stability and resiliency of the Internet's unique identifiers.</p> <p>Similar to the FY 12 version, the FY 13 SSR Framework has been published in two sections.</p> <ul style="list-style-type: none">Part A describes the foundation for ICANN's role in coordinating the security, stability and resiliency of the Internet's unique identifiers, an overview of the Internet ecosystem and ICANN's place in it, and developments in the ecosystem since the publication of the FY 12 Framework.Part B describes the operational priorities for ICANN in SSR for the fiscal year commencing in July 2012, an overview of the ICANN Security team and its core areas and projects for FY 13. <p>A new section has been added based on feedback received from the Security, Stability and Resiliency Review Team providing a status update on the activities described in the FY 12 SSR Framework published in May 2011.</p> <p>Comments on the FY 13 Framework are encouraged and may be sent to ssr-fy13@icann.org and viewed at http://forum.icann.org/lists/ssr-fy13/ through 2 July 2012 23:59 UTC (with a Reply Comment Period open from 3 July to 3 August 2012 23:59 UTC).</p> <p>Further community consultations will occur at the upcoming ICANN meeting in Prague, Czech Republic in June 2012, and during the month of July.</p>			
Section II: Background			
FY 13 SSR Framework			
Part A – ICANN's Role in SSR and the Internet Ecosystem [PDF, 782 KB]			
Part B – FY 13 Module on Operational Priorities and Activities; FY 12 Status Update [PDF, 488 KB]			
Translations of the FY 13 SSR Framework will be posted as soon as possible.			

Section III: Document and Resource Links

Learn more about the SSR Framework

Previous versions of ICANN's Security, Stability and Resiliency Framework may be found on the ICANN Security team page (<https://www.icann.org/en/about/staff/security>) or below. This annual document explains the connection between ICANN's role and remit in DNS Security, Stability and Resiliency, ICANN's Strategic and Operational Planning and its related SSR programs and initiatives for each fiscal year.
