00:36:34 Gisella Gruber - ICANN Org: I am happy to send to the list after the call so that everyone has both this document as well as the proposal for the next Workshop
00:36:39 Heidi Ullrich - ICANN Org: Also, perhaps a set of fun graphics
00:36:52 Sandra Hoferichter, EuroDIG: if it is in the agenda that is fine then
00:36:52 Heidi Ullrich - ICANN Org: And even an ICANN Learn course
00:37:07 Heidi Ullrich - ICANN Org: For future onboarding
00:37:42 Cheryl Langdon-Orr - Internet Australia: exactly a mini course like the harassment one
00:38:09 Cheryl Langdon-Orr - Internet Australia: I was using that as an example of something that does NOT have universal utility @Hadia

00:56:37 Sandra Hoferichter, EuroDIG: agree with cheryl
00:57:26 Cheryl Langdon-Orr - Internet Australia: you could pick Vitical Integration as that is not a HT but with good briefing of the Scene Setters we should be OK

00:58:50 Cheryl Langdon-Orr - Internet Australia: the scene setting should pretty much alude to most of those tips and tools
