Trying to participate simultaneously i this session and in GAC Plenary meeting. Extremely strong intervention of Ukrainian representative in GAC, A lot of extremely serious questions have been raised. Will we discuss really hot topics here?

FYI paper <https://www.rwdfoundation.org/news/2022/3/3/dell-case-study>

16:37:18 From Glenn to Everyone:

16:39:00 From Roberto Gaetano - NextGen Mentor to Everyone:  
@Oksana - do you think that the GAC will propose a motion similar to the UN-GA?

16:40:43 From Glenn to Everyone:

16:41:16 From Marita Moll to Everyone:  
Sorry to have missed the GAC Plenary. Will be checking out the recording. Thanks for letting us know about this.

16:41:22 From Pavel Farhan, ICANN73 Fellow to Everyone:  
<QUESTION> For ICANN fellows who would like to consider joining and contributing to the different Working Groups, how would you suggest they choose which WG to select without being too overwhelmed? </QUESTION>

16:42:30 From Ahmad Aghar - ICANN73 Fellow to Everyone:  
Good Question @Pavel!

16:42:33 From [sana.pryhod@gmail.com](mailto:sana.pryhod@gmail.com) to Everyone:  
@Roberto - not sure. At least now( International bodies need a lot of time to react. But our representative proposes to discuss the blocking of Russian Internet by Kremlin itself - from March 11. And global digital infrastructure after it

16:45:19 From Heidi Ullrich - ICANN Org to Everyone:  
Talking Points: <https://community.icann.org/display/atlarge/At-Large+Talking+Points+at+ICANN73>

16:45:21 From gisella.gruber to Everyone:  
Talking points: <https://community.icann.org/display/atlarge/At-Large+Talking+Points+at+ICANN73>

16:47:18 From Bill Jouris to Everyone:  
Not just non-Latin scripts, but even Latin script beyond the ASCII characters used in English. That is, letters plus diacritic marks

16:47:32 From Marita Moll to Everyone:  
Talking point for the GPIF were updated but didn't make it to the wiki. Here they are:The GPIF is a pilot which is under consideration as a lense through which the Board and Community could situate recommendations and positions. It is based on and bounded by ICANN's Articles of Incorporation and By-laws End user interests, as they are reflected in these governing documents, must be honoured

16:47:43 From Glenn to Everyone:  
@Bill you are showing your UA chops:)

16:48:43 From Hadia Elminiawi (ALAC-Participant) to Everyone:  
@Bill and new gTLDs as well

16:48:49 From Hadia Elminiawi (ALAC-Participant) to Everyone:  
some

16:48:54 From Bill Jouris to Everyone:  
@Glenn, nope, just my Latin sript chops

16:49:41 From Roberto Gaetano - NextGen Mentor to Everyone:  
@Bill - for the sake of completeness, even gTLDs longer than 3 chars have problems

16:49:50 From Maureen Hilyard to Everyone:  
@Pavel - In order to help you make a choice about what WG to join would be to first of all identify what is your interest area. In At-Large we have three streams - Policy, Operations&Finance and Outreach&Engagement. Check out our meeting schedule and attend the next meeting of one you think might be of interest and see what you think. You can always send a message to staff if you have any questions about meeting times.

16:50:47 From Bill Jouris to Everyone:  
@Roberto true. but longer gTLDs are (to my mind anyway) a separate issue from using non-ASCII characters

16:53:13 From Judith Hellerstein to Everyone:  
@bill wondering why you would say this. I am with Roberto as I think they are the same thing

16:53:46 From Shah Zahidur Rahman to Everyone:  
@Pavel , you can find more info here <https://atlarge.icann.org/>

16:53:56 From Pavel Farhan, ICANN73 Fellow to Everyone:  
@Maureen thank you for pointing me towards the right direction. This is very helpful!

16:54:19 From Pavel Farhan, ICANN73 Fellow to Everyone:  
thank you for sharing! @Shah

16:55:09 From Bill Jouris to Everyone:  
@Judith, you can have a gTLD longer than 3 letters without allowing any other scripts. I take use of other scripts to be the essence of Universal Acceptance.

16:55:47 From Cheryl Langdon-Orr to Everyone:  
Also @Paval after ICANN 73 look out for each weeks listing with links to the various Work Group and activity meetings going on most of not all are open and joining in is a great way to further test what your primary interests might be in

16:56:05 From Mouloud Khelif - ICANN73 Fellow to Everyone:  
@Pavel, a good start would be to register for At-Large mailing lists, and maybe attend the Consolidated Policy Working Group (CPWG) weekly meetings to get a feel of what is being discussed

16:56:41 From Cheryl Langdon-Orr to Everyone:  
Exactly @Mouloud :-)

16:56:46 From Pavel Farhan, ICANN73 Fellow to Everyone:  
thank you @Mouloud this is a good start. Much appreciated!

16:56:57 From Eva Ncho - ICANN 73 fellow to Everyone:  
Good

16:57:12 From Eva Ncho - ICANN 73 fellow to Everyone:  
Thanks @Mouloud

16:58:39 From Stephen Dakyi to Everyone:

+1 @Mouloud

16:58:42 From Roberto Gaetano - NextGen Mentor to Everyone:

To me "Universal Acceptance" is independent from language and/or script, and is the concept that every valid url must be accepted by processing software. Of course, IDNs are the largest category, so we might consider this major subset for the whole.

16:58:47 From Samik Kharel ICANN 73 fellow to Everyone:

How can an individual join the Regional At large Organization?

16:59:11 From Roberto Gaetano - NextGen Mentor to Everyone:

@Mouloud +1

16:59:33 From Glenn to Everyone:

NARALO will be holding a session on Public Interest Framework on April Monthly meeting. details to be shared

16:59:57 From Cheryl Langdon-Orr to Everyone:

16:59:57 From Judith Hellerstein to Everyone:

17:00:38 From Mouloud Khelif - ICANN73 Fellow to Everyone:

@Samik which region? Europe? Asia? Each RALO has its own rules (allowing or not) individual users

17:00:59 From Pavel Farhan, ICANN73 Fellow to Everyone:
