Evan Leibovitch: Here too. BTW, still need to use my tablet to get into AC
sandra hoferichter: now the audio works for me as well.
Cheryl Langdon-Orr: same here @Evan only the mobile app works. now for me..
Cheryl Langdon-Orr: @Sandra pew
Cheryl Langdon-Orr: pew

Murray McKercher: @ all If I can assist with the Kenyan ALS outreach please plug me in as I do have conacts in Nairobi...murray
Cheryl Langdon-Orr: Tijani makes a Very Important Point ALA
Olivier Crepin-Leblond: @Evan - ask now please
Cheryl Langdon-Orr: ALAC Needs to be flexible on these points IMO
Eduardo Diaz: ISOC Global has a program to pay individual ISOC Chapters to help them in covering the cost of hosting their pages
Cheryl Langdon-Orr: Domain Name issues like this plague many groups
Garth Bruen: @Olivier and Staff: Missing action item/Agenda, re: Compliance investigations
Fatima Cambroner: agree @Cheryl
Garth Bruen: @Tijani, agree in principle
Gisella Gruber-White: @ Pierre - on te rappelle
Gisella Gruber-White: Hadja is back and French interpretation is working
Olivier Crepin-Leblond: @Garth: I emailed you about this
Olivier Crepin-Leblond: the AI was on the ALT call
Murray McKercher: @Alan G, I agree with your comments, however, as I feel Kenya is a very important part of the African ecosystem and a hot bed for internet development in Nairobi, we should continue our outreach
Olivier Crepin-Leblond: @Gisella - thanks!
Heidi Ullrich: @Evan, please send staff a note regarding which ALSes
Heidi Ullrich: Matt has been asked to send the survey to all new ALSes
Cheryl Langdon-Orr: @Murray. agree totaly but also this is why local info/ input from Regional leaders (as @Tijani just did) is essential to have and consider
Garth Bruen: HETS in particular was having technical problems with the survey

Peter Knight:I want to verify that Capital Area Globetrotters' Rep, Judith Hellerstein, is authorized to travel to ATLAS.

Eduardo Diaz:ISOC Kenya is listed as a chapter in the ISOC web page so they do exist: <http://www.internetsociety.org/what-we-do/where-we-work/chapters/kenya-chapter>

Garth Bruen:@Olivier, the compliance issue was submitted to EXCOM by me, I have completed all the additional work requested of me, it should be on the agenda.

Heidi Ullrich:WG reports: <https://community.icann.org/display/atlarge/At-Large%20Reports%20from%20WGs,%20RALOs%20and%20Liaisons>

Heidi Ullrich:GNSO liaison report: <https://community.icann.org/display/atlarge/GNSO+Liaison+Reports>

Gisella Gruber-White:@ ALL - please mute your computer speakers if using the AC

Gisella Gruber-White:@ Julie - I have muted your microphone

Heidi Ullrich:ccNSO liaison report: <https://community.icann.org/display/atlarge/ccNSO+Liaison+Reports>

Cheryl Langdon-Orr:is the vote for accreditation not already going just extended. and id so when it is quorate and if affirmative to accredit surely the ALS can then be finalised and welcomed ... Especially based on what @Tijani and @Evan as well as others have said, if not quorate or affirmative to accredit vote then that is another matter re Kenya ISOC IMO

Holly Raiche:Not sure what is happening but at regular intervals there is loud interference

Cheryl Langdon-Orr:someone is not muted @holly

Cheryl Langdon-Orr:very loud if your using headset as I am almost deafening

Cheryl Langdon-Orr:it is IN her formal report on the wiki

Olivier Crepin-Leblond:@Cheryl - some ALAC members have said they wish to change their vote, thus the vote is unsettled at the moment and I'd rather suspect it rather than risk a rejection of the application

Gisella Gruber-White:@ All - I have muted Julie again as her mic was causing interference

Cheryl Langdon-Orr:oh dear new mic time for @Julie perhaps

Julie Hammer:Hi Gisella, don't think it was me. Absolutely no noise at my end!

Maureen Hilyard:Thank you Tijani

Gisella Gruber-White:Sorry Julie - just saw your microphone come up!

Julie Hammer:I was getting ready to give my report!

Cheryl Langdon-Orr:@ Julie was muted by staff

Cheryl Langdon-Orr:LOUD and bit buzz

Heidi Ullrich:SSAC report: <https://community.icann.org/display/atlarge/SSAC+Liaison+Reports>

Holly Raiche:VERY loud and I think the problem was her mic

Heidi Ullrich:Apologies to those on the ES and FR. They found Julie hard to interpret.

Heidi Ullrich:dotMobi report page: <https://community.icann.org/display/atlarge/dotMOBI+Liaison+Reports>

Julie Hammer:Sorry...maybe my mic is malfunctioning.

Heidi Ullrich:Policy Advice Workspace: <https://community.icann.org/display/alacpolicydev/At-Large+Policy+Development+Page>

Alan Greenberg:Suggested Spec 13 Statement: The ALAC has no input on the details of Specification 13, but wishes to go on record as objecting to the creation of a new category of gTLD at this point, when earlier decisions were made to not have categories of TLDs supporting community, geographic and other similar classes of gTLDs.

Dev Anand Teelucksingh:<https://community.icann.org/pages/viewpage.action?pageId=43986993>

Gisella Gruber-White:@ Olivier - question from Antonio Medina Gomez please

Holly Raiche>Welcome Carlton

Carlton Samuels:PPSAI is done

Holly Raiche:@ Carlton - how did it go - have we agreed on the questions finally?

Alan Greenberg:Fatima is incorrectly listed in participants as not being ALAC.

Heidi Ullrich:ALAC ROP Revision Motion: <https://community.icann.org/display/atlarge/ALAC+ROP+Revision+Motion+-+28+January+2014>

Gisella Gruber-White:@ Alan - this has been corrected thank you!

Fatima Cambronerio:thanks @Gisella

Gisella Gruber-White:@ Olivier - Antonio is back

Evan Leibovitch:Happy to re-move it.

Gisella Gruber-White:@ Carlton - please reconnect - some members had the same issue when joining

Gisella Gruber-White:We DO have audio

Carlton Samuels:I'm in via Skype on the US TF number

Carlton Samuels:Thanks Gisella

Alan Greenberg:The two new rules will be inserted in 19.10 (19.10.4 will become 19.10.6 and the two new section 19.10.4 and 19.10.5)

Alan Greenberg:Due to the shifting, I would suggest we not put the numbers in the motion.

Cheryl Langdon-Orr:thanks @Alan that is clear

Garth Bruen:@Tijani, even dead people can vote in the U.S. ;-)

Fatima Cambronerio:@Garth, also in Argentina :)

Oksana Prykhodko:ALAC member as a candidate for Board, for example

Cheryl Langdon-Orr:with Tijani's points noted. please just take the vote he and others can abstain or not as others can

Dev Anand Teelucksingh:@Alan would the two rules work as 19.10.5 and 19.10.6 , thereby not requiring to change numbering ?

Roberto:Dead people - is that what they call "the silent majority"?

Cheryl Langdon-Orr:it still needs to be done now or later why not now

Cheryl Langdon-Orr:LOL @Roberto

Garth Bruen:@Fatima, los muertos viven en el tango (y las elecciones)

Fatima Cambroner: @Garth, exacto, mucho en el tango ;)

Holly Raiche:My call has just dropped out. Could someone redial - thanks

Cheryl Langdon-Orr:acan you boys on the motion here @Holly?

Gisella Gruber-White:@ Holly - dialling you back

Hadja:Abstention for me please

Carlton Samuels:Might I hear Tijani's concerns?

Carlton Samuels:I'm sorry if I catch the tailend

Cheryl Langdon-Orr:he has spoken at length here (earlier) and in BA @Carlton

Alan Greenberg:He already gave them a few minutes ago. Does not disagree in substance but feels timing is inappropriate. And probably not needed

Cheryl Langdon-Orr:perhaps a pvt chat will do to brief you...

Garth Bruen:@Oliveir , want one quick comment on Accassability

Carlton Samuels:Thanks Alan and CLO. Will contact Tijani directly

Heidi Ullrich:Background on Accessibility WG: <https://community.icann.org/display/atlarge/Proposal+for+Establishment+of+an+At-Large+ICANN+Accessibility+Working+Group>

Leon Sanchez:I also think this is a great initiative

Siranush Vardanyan:yes, Maureen, just was typing that:) at this stage we are contacting some disability groups to identify their interest to participate in Singapore meeting and we aimed only on local organization, as we do not have funds to bring people from other places

Heidi Ullrich:Singapore: <https://community.icann.org/pages/viewpage.action?pagelId=43985498>

Siranush Vardanyan:I just would like to bring to the attention of all RALO chairs, that we have a request for funding from APRALO member to come to Singapore and who is also a member of this accesibility group, so if there are people who are funded by ICANN to come to Singapore, and are not able to join and no substitute people there (not a reality I know:), but just wanted to inform if there are such situation, just let staff or myself know about this.

Thanks

Gisella Gruber-White:@ Tijani - dialling you back

Gisella Gruber-White:Tijani is back
 Fatima Cambroner:where is the list of candidates?

 Olivier Crepin-Leblond:Thank @Suranush
 Olivier Crepin-Leblond:Siranush
 Maureen Hilyard:Will be in touch Siranush
 Roberto:@Evan thanks I owe you a beer
 Heidi Ullrich:We will add the AI. However, staff are aware of what needs to be done, so no AIs are needed.
 Olivier Crepin-Leblond:Thank Heidi!
 Olivier Crepin-Leblond:Yes this is all part of following the Board candidate selection process and so on and so forth and this is ongoing
 Fatima Cambroner:@Gisella my call is dropped
 Heidi Ullrich:@Fatima, Adigo is dialing you
 Fatima Cambroner:thanks @Heidi, I am in again
 Heidi Ullrich:Two minutes of interpretatuin remaining
 Gisella Gruber-White:French interpreters have left.
 Dev Anand Teelucksingh:The filing of the objections was the culmination of the process by which the ALAC could file objections to a new gTLD application (<https://community.icann.org/download/attachments/31178691/alac-facts-objection-final.pdf>).
 Dev Anand Teelucksingh:The gTLD Review Group (<https://community.icann.org/x/u7-bAQ>) facilitated the objection process within At-Large.
 Dev Anand Teelucksingh:The new gTLD Dashboard at <http://bit.ly/newgtld> has the archive of the comments received by the gTLD Review Group, the objection statements considered by the RALO and ALAC and a record of the RALO advice and the ALAC's consideration of the RALO's advice.
 Dev Anand Teelucksingh:The ICC decisions : <http://newgtlds.icann.org/sites/default/files/drsp/17jan14/determination-1-1-1684-6394-en.pdf> ; <http://newgtld.s.icann.org/sites/default/files/drsp/17jan14/determination-1-1-1489-82287-en.pdf>
 Evan Leibovitch:<http://atlarge-lists.icann.org/pipermail/at-large/2014q1/009931.html>
 Gisella Gruber-White:@ ALL - Spanish interpreters will continue
 Fatima Cambroner:thanks @Gisella
 Dev Anand Teelucksingh:<http://newgtlds.icann.org/en/program-status/odr/determination> has a list of the objections determination
 Evan Leibovitch:Olivier, I don't think that there is any demand for a reconsideration request
 Olivier Crepin-Leblond:some people have emailed me to ask whether this could be possible.
 Cheryl Langdon-Orr:yes focus on lessons learned and improvement possible through the debrief
 Evan Leibovitch:Is there a reason those requests are private to you?
 Dev Anand Teelucksingh:CROPP RT proposals : <https://community.icann.org/display/atlarge/CROPP+RT+Resources>
 Evan Leibovitch:This needs to be transparent
 Carlton Samuels:Good idea to let it go. Keen reading of the decisions will show a documentary and process analysis hard to discount. The ALAC is without a pot in this one. Let it rest.
 sandra hoferichter:Sorry I have to leave now, bye!
 Heidi Ullrich:Bye!
 Oksana Prykhodko:@Dev Is it necessary to say OK for each application or is it enough not to object?
 Heidi Ullrich:APRALO discussed it on their call earlier today and EURALO will in their call today
 Evan Leibovitch:+1 Carlton
 Dev Anand Teelucksingh:Indeed, the lessons to be learned are for future gTLD rounds and what role should ALAC play in objections
 Peter Knight:What about Vint Cerf's Panel and its report?
 Peter Knight:Vint and several other Strategy Panels are making input
 Peter Knight:Excellent webinars -- you can see the video archive and chat record
 Fatima Cambroner:Vint's Panel Webinar <http://www.icann.org/en/news/announcements/announcement-06jan14-en.htm>
 Oksana Prykhodko:we just translated Vint even unpublished article into Russian
 Peter Knight:Excellent, Oksana!
 Garth Bruen:This, of course concerns a broad number of issues, but specifically the case of "rapetube[dot]org" a site which sells sexual assault materials and also has false WHOIS. ICANN Compliance declared that "the registrar validated this record as correct" but this is impossible. Compliance refused to discuss the matter further. The issue was brought to Fadi in a formal letter. Fadi promised the ALAC Chair (before Toronto) to respond to this with a written investigation but this never happened. Fadi was specifically advised of the "rapetube" situation. The issue has been validated by an independent investigation by the Washington Post. Reporters at the WAPOST China office contacted the registrar involved who claimed they never heard from ICANN on this, which contradicts ICANN's stated record. Clearly this is a messy situation which needs to be cleared up.
 Peter Knight:Can you get this to Yuri Hohlov and Tatiana Ershova?
 Heidi Ullrich:11. Update on Compliance Issue - Garth Bruen and Evan Leibovitch (5 minutes)See ALT Action Item: Garth Bruen, Evan L x eibovitch, and Alan Greenberg are to work on the issue of the submission, documentation, handling and findings of Compliance investigations They are to develop a draft Statement and present it to the ALAC on the next ALAC call.
 Garth Bruen:Original letter to Fadi, with report: <http://www.icann.org/en/news/correspondence/bruen-to-chehade-22apr13-en.pdf>
 Oksana Prykhodko:@Peter Could you please give their contacts?
 Dev Anand Teelucksingh:@Oksana - the review from the CROPP RT is more of a consensus agreement (ie no disagreement) since the RALO trip proposal has to be detailed
 Peter Knight:OK
 Garth Bruen:WAPOST Article: http://www.washingtonpost.com/business/technology/how-violent-porn-sites-manage-to-hide-information-that-should-be-public/2013/12/06/e0861378-3773-11e3-ae46-e4248e75c8ea_story.html
 Oksana Prykhodko:@ Dev Thank you
 Garth Bruen:As originally sent to ALAC Chair: <https://community.icann.org/display/NARALO/NARALO+Monthly+reports+2013>
 Garth Bruen:This, of course concerns a broad number of issues, but specifically the case of "rapetube[dot]org" a site which sells sexual assault materials and also has false WHOIS.  Leon Sanchez:I have to leave the call now
 Leon Sanchez:thank you all
 Cheryl Langdon-Orr:bye
 Garth Bruen:@Alan, this is an inherent problem with ICANN. Poor data management.

Peter Knight:@oksana yuri.hohlov@iis.ru, hohlov@gmail.com, see www.iis.ru. Ershova is General Director, Yuri is Chairman of the Board. They were both involved in early days of Internet in Russia, academic side

Oksana Prykhodko:@Peter thank you!

Oksana Prykhodko:at some circumstances proxy is the question of freedom(

Garth Bruen:In addition to "rapetube" this false service protects illicit drug trafficking, malware, phishing, etc...

Evan Leibovitch:+1 with Olivier. We MUST depersonalize this.

Garth Bruen:There is a complete disconnect between what compliance tells us and what the registrar claims.

Garth Bruen:The facts do not match

Alan Greenberg:Garth, agreed 100%

Garth Bruen:The overall inability to deal with, explain this, or handle mass complaints violates the AOC

Garth Bruen:Thank you all!

Alan Greenberg:Garth, no question. The trick is to do it in a sustainable way.

Roberto:Sorry, I have to leave now.

Cheryl Langdon-Orr:NP

Cheryl Langdon-Orr:I assume ALAC will also send a written Vote Of Thanks to Avri?

Fatima Cambroner:agree @Cheryl

Olivier Crepin-Leblond:yes Cheryl

Carlton Samuels:I have to drop off. Need to put food on the table..

Carlton Samuels:Bye all

Cheryl Langdon-Orr:thanks @OCL

Cheryl Langdon-Orr:bye. thanks. all

Murray McKercher:@OCL, Thanks for the long call, but excellent content

Oksana Prykhodko:Thank you, bye

Maureen Hilyard:Thank you Olivier

Eduardo Diaz:adios

Evan Leibovitch:Bye!

Dev Anand Teelucksingh:Thanks everyone ; take care all

Aida Noblia:Bye all !

Fatima Cambroner:thanks Olivier and everyone, bye

Hadja:Bye All
