12.2 Daylight Savings Time Details: Per previous vote these calls ALWAYS occur at 3PM EST REGARDLESS of Daylight Savings Time until otherwise noted. *Explanation*: Daylight Savings Time (DST) is a program which moves the official hour ahead by one during the summer to preserve more daylight in the evening. DST is not universally or equally observed. DST changes have occasionally caused confusion for NARALO call times. For us this means specifically, we will be *observing* DST. The time of our call will remain 3:00PM EDT and 12:00PM PDT, but the UTC time of the call will change from 2000hrs to 1900hrs as of March until the end of DST.
