

NARALO San Francisco Showcase Working Group

Visit the official showcase website www.naralo.org/showcase

Introduction

NARALO will organize a showcase event during the ICANN San Francisco meeting in March 2011 to

- highlight the activities of the ALSes in North America
- engage in outreach activities for regional Internet user organisations attending San Francisco

Similar events were held by LACRALO at the [ICANN Cartagena](#) meeting, AFRALO at the [ICANN Nairobi](#) meeting and by EURALO at the [Brussels meeting](#)

Mandate of the Working Group

A Working Group (WG) has been created to:

- determine the best date and time and location for the NARALO showcase
- develop the agenda of the NARALO showcase
 - should there be an overarching theme?
 - who should be invited as the keynote speaker?
 - who will speak at the event?
 - determine the speaking order
 - confirm with ALS representatives who will be present in San Francisco to give a brief presentation of their ALS
- organize and collect materials from ALL ALSes needed for the showcase (including text for ALS Fact Sheets, posters, brochures etc.)
- decide how the material will be presented

Members:

Beau Brendler

Gordon Chillcott

Eduardo Diaz

Annalisa Roger

Gareth Shearman

Allan Skuce

Darlene Thompson

Chris Grundemann
