

# What if I make a mistake?

Up: [Workspace Tour - Table of Contents](#)

Back: [Can I change something?](#)

Don't worry, you can't do any permanent damage.

Click on **History** to see previous versions of a page. You can always go back to an earlier version. And you can see who changed each version of the page.

>> <http://base/images/docs/Browse-Header-History.png>

Go ahead and try it here.

So, [What's the funny punctuation?](#)
