

How do I find my way around?

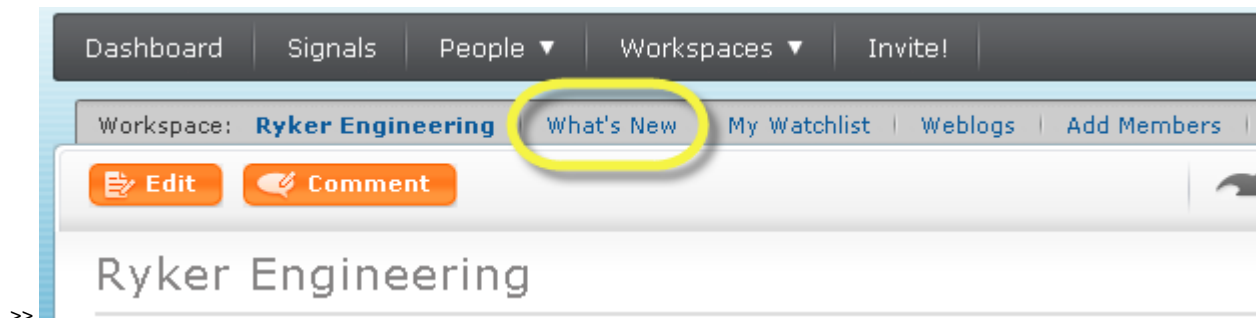

Up: [Workspace Tour - Table of Contents](#)

Back: [Lists of pages](#)

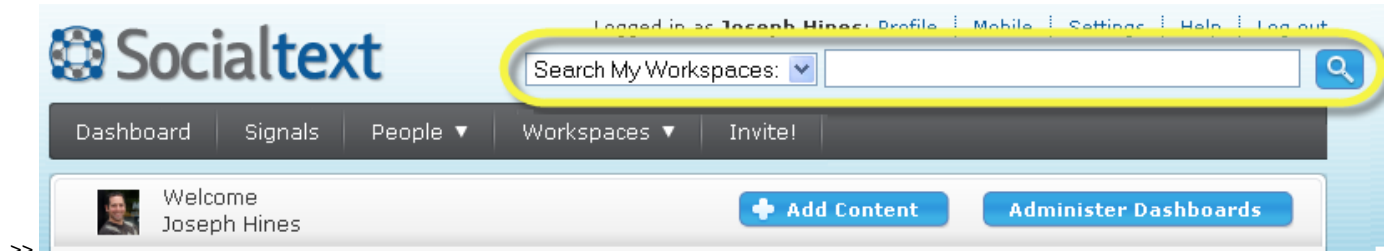

"Dashboard" at the top left of the *global navigation bar* sends you to your [Dashboard](#) or to the top page.

"What's new" in the *workspace navigation bar* right next to the name of the workspace shows you what's new and what has recently changed in the space.

"Search" in the top right of the page to find content with specific words in them.

Let's look at some more [advanced getting around](#)
