Follow up on Dakar meeting:

Secretary of AFRALO put together efforts in harmony

No quick decisions now, look at discussions, common decisions together

Membership:

1. ALAC meetings are open to everybody. Those who would like to participate can participate.

Individual membership

Current situation, in AFRALO we need individual membership.

Fatimata: Concerning membership, we can have an ALS

We have to be careful because some people can come to disturb ICANN

When we have a new member they shall not cause a lot of problems

We can have our own structures, how to put in place the community

ALS that we will join is AFRALO ALS

Criteria of AFRALO

Half of ALS come from one country. No problem with that

Each ALS needs to vote

Geographic regions. It is important to have a plan

How to deal with ALSes vis a vis vote

AI : Yaovi will do a proposal on the issue

Open Public consultations

Review of the upcoming deadlines

Hotel Almadies

Official reaction from AFRALO

AFRALO has suffered from that letter

We need to talk about that subject

It was mentioned that Fatimata had nothing to do with the report

AI: For AFRALO to ask the ALAC formally to send a follow up letter to explain that Fatimata had no involvement with the report.
