Heidi Ullrich:@Barrack, if I may, how best should Africans provide the input you are suggesting? At-Large staff are ready to assist!

Barrack Otieno:the Naming community has adopted an approach of using surveys

Barrack Otieno:i am not sure if this can work with us

Barrack Otieno:we can encourage the ALSs to circulate the surveys among their membership

Barrack Otieno:to get a feel of what the community wants

Barrack Otieno:we could try and draft this survey as soon as possible through a working group

Barrack Otieno:just a proposal

Heidi Ullrich:@Barrack and Aziz, please let staff know how we may assist!

Fatimata:I think it would be very helpful to have step by step presentation explaining the consequences on the DN management, Remember, this is an end user community

Aziz:Barrack +1

Heidi Ullrich:for AFRALO, Fatimata?

Heidi Ullrich:Should we set up a webinar?

Fatimata:Yes please

Fatimata:Yes, even though , I know there are plenty of webinars on the issue

Barrack Otieno:We can have this as an action item

Seun Ojedeji:@Barrack just to mention that there are also a set of questions that the numbers community have sent out in form of survey

Barrack Otieno:For the Task Force
