Aziz: <https://www.icann.org/en/system/files/files/cwg-stewardship-draft-proposal-with-annexes-22apr15-en.pdf>

Gisella Gruber: Fatimata joined the AC room

Fatimata Seye Sylla: hello

Fatimata Seye Sylla: Sorry, but my phone didn't ring

Alan Greenberg: On dates, yes, I got the CWG and CCWG confused. The CCWG Accountability comment closes on 3 June

Fatimata Seye Sylla: I am happy to be with you today

Silvia Vivanco: Seun please be so kind to write down your remarks

Silvia Vivanco: I will be happy to read out for you

Silvia Vivanco: or the EN interpreter can do too

Silvia Vivanco: so your point is conveyed properly

Seun Ojedeji: can you hear me?

Alan Greenberg: Yes we can hear, but someone else is talking.

Silvia Vivanco: we hear you far away and someone else is talking in FR channel Seun

Alan Greenberg: You are still not very clear though.

Alan Greenberg: Seun can you not hear the interpreter speaking?

Alan Greenberg: I will have to leave now. I hope the rest of your meeting goes well.

Dave Kissoondoyal: Question to Alan – Can the AFRALO endorse the statement of ALAC and at the same time the AFRALO issue another statement from to spell out specifically any issue demarcating from the position of the ALAC

Seun Ojedeji: okay my mobile is failing me

Seun Ojedeji: i will type here....

Seun Ojedeji: Alan has said quite a lot about the status of the CWG status and i am currently working on the AFRALO statement in relation to the CWG proposal (Will send the draft to Aziz before the end of this week).

Seun Ojedeji: @Dave sure i believe ALAC can provide that endorsement

Seun Ojedeji: ALAC = AFRALO

KINANGA YINDU Cédric 2:svp, je suis connecté à l'Adobe Connect mais l'audio n'est pas stable, les mots se répètent et j'ai du mal à bien suivre.

Alan Greenberg: @Dave. It would not make sense to say that you entirely support the ALAC statement and then say something that disagrees with it. But there is no reason that you cannot support the LAC statement and then add to it, OR support most of the ALAC statement saying what you disagree with and then saying something different about that point. So that means that you can do anything that makes sense! No other rules.

Dave Kissoondoyal: thanks Alan .. got it now

Gisella Gruber: @ Cedric - nous pouvons t'appeler au telephone si vous me faites passer un numero d'appel

Gisella Gruber: Abdeldjalil joined the AC room

Alan Greenberg: Individuals can also comment in their personal capacity.

Barrack Otieno: Hi Aziz, in so far as Jurisdiction is concerned how much say can we have as ALAC - AFRALO?

Seun Ojedeji: Noted, will try to send something before friday

Seun Ojedeji: will that be too late?

Barrack Otieno: question to Alan Seun and Tijani

Barrack Otieno: Alan/Tijani and Seun, has public interest been taken into consideration?

Dave Kissoondoyal: i think if staff can send the timeframes for each action on the list that would be helpful

Barrack Otieno:great thanks i have some questions i would be happy if i can get responses

Gisella Gruber:@ Fatimata - on t'entends pas du tou
Seun Ojedeji:@Barrack in relation to CWG i think "public interest" was not really an issue. However i think public interest may be more spoken about within the ccwg. My personal opinion is that "public interest" in itself is vague without qualifying it.
