[ccNSO PDP3: Initial Proposals for Process to Retire ccTLDs](#)

As a whole, the ALAC supports the ccNSO PDP3. From an end user perspective, the ALAC suggested two points to be considered: 1) As a user of the Internet, the removal of a TLD will mean less likelihood for confusion as usually a ccTLD would be removed to make way for a new one. This enhances Trust in the domain name identifiers; 2) As a domain name registrant, the retirement of the ccTLD could pose a problem when correspondents are accustomed to use the "old" address using the obsolete ccTLD. Some companies have built a brand around the "old" ccTLD.
