Purpose (Brief):	<p>The development cycle for this year's 2013-2016 Strategic Plan recognizes ICANN's ongoing commitment to the bottom-up, decision making model and the importance of extensive consultation with the multi-stakeholder community, the Board and ICANN staff.</p> <p>The purpose of this public comment period is to obtain feedback and collect input on the proposed development timeline [PDF, 288 KB] that will later inform the final version of the 2013-2016 Strategic Plan for approval.</p>		
Current Status:	This is the initial phase of development. We are proposing a draft timeline for this year's effort. To kick the process off, there has been multiple staff brainstorming sessions, along with an invitation being sent to all SO/AC's to solicit their involvement and participation in two scheduled sessions in Prague.		
Next Steps:	ICANN will undertake the following steps in developing the Draft 2012-2015 Strategic Plan:		
	<div>1. Post Draft Strategic Plan Development Timeline</div> <div>2. Conduct SO/AC consultations in Prague to gather input and guidance</div> <div>3. Develop a draft 2013-2016 Strategic Plan based on Community, Board, and Staff input.</div>
