Detailed Information
Section I: Description, Explanation, and Purpose
<p>The Internet Assigned Numbers Authority (IANA) functions contract (SA1301-12-CN-0035) between ICANN and the United States Department of Commerce, National Telecommunications Information Administration (NTIA) to maintain the continuity and stability of services related to certain interdependent Internet technical management functions, known collectively as the Internet Assigned Numbers Authority calls for a public consultation from all interested and affected parties to help satisfy the following objective:</p> <p>C.3.2 Secure Systems Notification — The Contractor shall implement and thereafter operate and maintain a secure notification system at a minimum, capable of notifying all relevant stakeholders of the discrete IANA functions, of such events as outages, planned maintenance, and new developments. In all cases, the Contractor shall notify the COR of any outages.</p>
Section II: Background
This is one of a series of consultations for the delivery of the IANA functions, as described in contract SA1301-12-CN-0035.
Section III: Document and Resource Links
<ul style="list-style-type: none"> • Consultation on the IANA Secure Notification Process • Contract SA1301-12-CN-0035 and related documents
Section IV: Additional Information
None
