09:14:20 From Cheryl Langdon-Orr to Everyone:
Exactly @Melissa Thx

09:16:25 From Glenn McKnight- CANADA to Everyone:
Fatigue/burnout or other maladies can account for the massive drop in interest in online involvement . We saw it recently at the North American School of Internet Governance. GSMA courses, etc. ie. DATA ANALYTICS course had 858 registrations and a very small handful active in discussion and on the Live session this morning at 4 am

09:19:26 From Cheryl Langdon-Orr to Everyone:
the rationale when we pulled it included it as a deferral Correct

09:20:28 From Cheryl Langdon-Orr to Everyone:
I am assuming if a deferral then the organising committee for it will just reconvene

09:22:10 From Heidi Ullrich - ICANN Org to Everyone:
The draft 2022 At-Large priority topics might be a useful guide for plenary/Policy sessions: <https://community.icann.org/display/atlarge/At-Large+Priority+Activities+2022>

09:23:12 From Chokri Ben Romdhane to Everyone:
@Hadia the open data program is a good topic to be treated with the public interest framework

09:24:02 From Pari Esfandiari to Everyone:
I will be happy to participate in the blockchain panel

09:24:21 From Eduardo Díaz - NARALO to Everyone:
@Sive: You can lead that WG and look for others to work with you in putting together the proposal

09:24:30 From Eduardo Díaz - NARALO to Everyone:
@Sive = @Siva

09:25:23 From Gisella Gruber - ICANN Org to Everyone:
@Eduardo - time zone updated (thank you!)

09:25:42 From Heidi Ullrich - ICANN Org to Everyone:
So two suggestions for plenaries: 1) PIF in relation to other topics; 2) Blockchain - correct?

09:26:02 From Gisella Gruber - ICANN Org to Everyone:
@All - re Global Public Interest topic, I have raised this with Org to see whether it is a given to have the session. Will keep this group updated
