Juan Manuel Rojas:Morning

Tijani BEN JEMAA:Good morning everybody

Nathalie Peregrine 2:Please mute your computer speakers if you have joined the audio bridge, thank you!

CW bis:Problem with the mike. carry on with somebody else.

Juan Manuel Rojas:Maybe Christopher can write your question, dont you?

Olivier Crepin-Leblond:I can hear Cheryl faintly

Heidi Ullrich:Thanks for lettting us know, Christopher.

CW bis:I do not find any mike button to mute/unmute

Nathalie Peregrine:You need to have a microphone icon at the top of your toolbar. To the right of this icon, there is an arrow, there you have the choice to mute/unmute. If you do not have a mike icon, you need to click on the phone icon, and "accept" everything to configure your PC mike for the AC room. It takes a second.

CW bis 2:No luck CW
