When submitting a comment that you want me to read out loud of the mic, once again provide your name and affiliation if you have one then start your sentence with a <COMMENT> and end it with <COMMENT>.

Renata Aquino Ribeiro: (11:08) <comment> the webinars are great and have made great strides. Considering there are new candidates sought for the Global Indigenous Ambassador Program - people can sign up until 17nov - would be good to see a webinar about this theme and the pioneering role At Large has in these regional topics </comment>

Wale Bakare: (11:10) <COMMENT> The issue here is about creating an effective mechanism (s) for the development of policy and making the process more efficient<COMMENT>

Ariel Liang: (11:10) noted your comment Wale and Renata

John P Laprise: (11:11) Action Item: Can we insure that RALO "hot topics" are forwarded on to Sallyher ICANN team?

Glenn McKnight: (11:16) I suggested as an action item a simple table of the hot topics per RALO, a simple summary

Albert Daniels: (11:17) should the room be English?

Albert Daniels: (11:18) seems like the streams are switched... even the English audio stream

Abdeldjalil Bachar Bong: (11:18) I have learned a lot from the webinar

Abdeldjalil Bachar Bong: (11:20) Capacity building it was the only way to have all informations of ICANN and how to be involved

Ariel Liang: (11:21) checking with the audio at the moment

Ariel Liang: (11:21) sorry about the delay

Albert Daniels: (11:22) ok

Albert Daniels: (11:23) it is 3:23 AM here in t. Luciaso at first i thought my min was playing triks on me!

Albert Daniels: (11:23) back to English no... thanks!

Abdeldjalil Bachar Bong: (11:38) it will be good idea that to have a certificate

Abdeldjalil Bachar Bong: (11:39) It also motivates the participants // cooperation between icann learn and at large capacity building....

Sarah Kiden: (11:40) The best thing I've heard is the ability to download my courses for later :-)

Abdeldjalil Bachar Bong: (11:42) yes Sarah I did the same with my community it was a good experience

John P Laprise: (11:58) We may need the data but end users may want anonymity from others watching their online behaviour other than ICANN.

Wale Bakare: (12:02) <QUESTION> Is there kind of ICANN Learn Platform collaboration with RALO that has developed a process for capacity development, like the Subject Matter Expert EURALO has embarked upon?<QUESTION>

Ariel Liang: (12:02) Wale I will forward your question to Betsy

Ariel Liang: (12:03) Thanks all for attending
