00:39:19 Olivier Crépin-Leblond: "Game & Software Developers"? A new Stakeholder?  
00:39:44 Eduardo Diaz - NARALO Chair: Are we following the agenda? This seems to be agenda item 4 or I am confused?  
00:39:46 DANIEL K. NANGHAKA: This is encouraging gamers into the IG Space  
00:39:55 Sarah T Kiden: I thught they are part of the technical community  
00:40:04 Heidi Ullrich: @Eduardo, yes we are now on item 4  
00:40:11 Eduardo Diaz - NARALO Chair: OK  
00:41:01 Glenn McKnight: Who from ATLARGE are doing any IGF sessions?  
00:41:43 Heidi Ullrich: Please see the workspace -  
00:41:47 Heidi Ullrich: <https://community.icann.org/display/atlarge/At-Large+Outreach+Activities+at+the+2021+IGF+in+Katowice>  
00:41:52 Olivier Crépin-Leblond: seriously? to engage gamers in the IG community? Are they going to fight it out with the Climate Change folks who are concerned about the impact of IT on Climate change?  
00:41:55 Heidi Ullrich: I added any sessions with ALS members  
00:42:13 Hadia Elminiawi(ALAC) - participant: Thanks Heidi  
00:42:22 DANIEL K. NANGHAKA: The gamers are a different class  
00:42:45 Heidi Ullrich: ALSes with workshops include CAPDA from AFRALO and DotAsia from APRALO  
00:42:46 Hadia Elminiawi(ALAC) - participant: @Olivier, maybe we need to know more about this  
00:43:11 Heidi Ullrich: GF 2021 WS #209 The State of DNS Privacy Technologies - the OCTO session  
00:43:36 Olivier Crépin-Leblond: but OCTO has left ICANN?  
00:43:55 Olivier Crépin-Leblond: or rather CTO has - the O is still there  
00:43:58 Heidi Ullrich: No, that his the office - not the CTO  
00:44:32 Olivier Crépin-Leblond:  
00:45:25 Glenn McKnight: This is one of the lowest level of Atlarge participation ie. workshop in years  
00:46:15 Glenn McKnight: I think 75 were accepted. The DC Coalition of Schools of IG is not slated for a session  
00:46:27 Shadrach Ankrah: Hope to meet you in Katowice  
00:47:56 Hadia Elminiawi(ALAC) - participant: I am unmuted  
00:47:59 Adam Peake ICANN org: The Polish govt is very keen, of course, to have people attend. COVID measures onsite will be good, the UN runs the space where the workshops etc take place (the "blue zone") and that will be organised to UN standards, which are of course good. But there are issues outside of the host govt, UN, control. Not least how the pandemic continues, improves, or otherwise  
00:48:03 Hadia Elminiawi(ALAC) - participant: but you are not able to hear me  
00:48:06 Claudia Ruiz: @Hadia, not hearing you  
00:48:12 Glenn McKnight: Are they having a virtual Booth space as last year?  
00:48:26 Hadia Elminiawi(ALAC) - participant: there is a problem with my desktop audio  
00:48:35 Hadia Elminiawi(ALAC) - participant: Joanna please go ahead  
00:48:46 Hadia Elminiawi(ALAC) - participant: I shall need to switch to my laptop

01:02:16 Roberto: Do we think that we should start looking for game and IT developers in our outreach plans? The question is whether this opening to a new stakeholder group will take steam and therefore influence also ICANN. Do we have more information? It has taken me by surprise - and I assume I am not the only one.  
01:03:09 Glenn McKnight: Yes, this is very interesting and important for O and E and a different audience  
01:04:34 Roberto: I understand the concept, I was talking about programmers at the time of the GNSO Review, but it raised no interest at that time  
01:05:17 DANIEL K. NANGHAKA: It would be something of interest in reference to gaming  
01:05:22 Glenn McKnight: Here is the slate of speakers for our Fall session for NARALO [https://www.canva.com/design/DAEmu8CINXM/share/preview?token=i80twrCfqso64pq8c8rv6Q&role=EDITOR&utm\\_content=DAEmu8CINXM&utm\\_campaign=designshare&utm\\_medium=link&utm\\_source=sharebutton](https://www.canva.com/design/DAEmu8CINXM/share/preview?token=i80twrCfqso64pq8c8rv6Q&role=EDITOR&utm_content=DAEmu8CINXM&utm_campaign=designshare&utm_medium=link&utm_source=sharebutton)
