Normally, when I join a session, Zoom gives me an icon to mute or unmute myself. But not this time. I hope I am at least muted, so noises here do not interfere with others.

Thank you León as you well know "Diversity Matters!

17:35:02 From Dave Kissoondoyal to Everyone:

Kudos to @Leon by starting his speech to recognise the value of Women

17:35:29 From Matthias M. Hudobnik to Host and Panelists:

Great intro Leon!

17:36:20 From Vanda Scartezini - Brazil to Everyone:

17:36:41 From Vanda Scartezini - Brazil to Everyone:

thank you Leon !!!

17:38:00 From Hadia Elminiawi (ALAC-Participant) to Everyone:

We never thought it would go that far

17:41:17 From Cheryl Langdon-Orr to Host and Panelists:

Valuing volunteers has also in my experience in the 3rd sector been a VERY wise investment as well

17:41:52 From Alan Greenberg to Host and Panelists:

Unfortunately, ICANN uses the term "volunteer" to include those who are paid to participate.

17:42:18 From Alan Greenberg to Everyone:

Unfortunately, ICANN uses the term "volunteer" to include those who are paid to participate.

17:42:50 From DANIEL K. NANGHAKA to Everyone:

volunteer has got to be redefined

17:42:57 From Sébastien Bachollet to Everyone:

What about and users?

17:43:17 From Cheryl Langdon-Orr to Host and Panelists:

valuing volunteers is not the same but complementary to attracting, recognising or retaining them

17:43:25 From Mouloud Khelif to Host and Panelists:

@Alan can you please explain? Who is paying them? their employer?

17:43:39 From Amrita Choudhury to Everyone:

<Comment:> while it is great to have capacity building initiatives to get new volunteers. What is ICANN doing to retain volunteers. Is there any initiative on or planned initiative? <Comment>

17:44:34 From Carlos Dionisio Aguirre to Everyone:

the term volunteer must be defined clearly and make the difference with end users participants

17:44:41 From Ahmad Aghar - ICANN73 Fellow to Everyone:

Good question @Amrita

17:45:24 From DANIEL K. NANGHAKA to Everyone:

we have more participants than volunteers

17:45:30 From Ali AIMeshal to Everyone:

Agree with Amrita , we did not hear what are those initiatives for volunteers?

17:45:54 From Herb Wayne to Everyone:

Hello @Ahmad and @Vanda

17:46:01 From Pavel Farhan to Everyone:

there's also another unofficial term for when someone is "volunteered" on their behalf. I believe it was "voluntold" xD

17:46:06 From Alan Greenberg to Everyone:

Most of those who are employed by registrars, registries, ISP, many of those participating on behalf on business, intellectual property issues and MANY more.

17:47:46 From Alan Greenberg to Everyone:

I'm not negating the import of those who "volunteer" while being paid for their time. But the situations are different.

17:47:49 From Aris Ignacio to Everyone:

<QUESTION> Just wondering, how do you define a "volunteer"? Maybe we need to have a definite description of what it is before anything.. </QUESTION>

17:48:09 From DANIEL K. NANGHAKA to Everyone:

@Alan, those come to drive there organisation agenda

17:48:33 From Shreedeeep Rayamajhi to Everyone:

<comment> volunteering certainly needs recognition which is hugely lacking. I believe after the virtual edition the level of enagagment from leaders have gone down

17:48:37 From Mouloud Khelif to Host and Panelists:

Thanks for the clarification @Alan

17:48:42 From Jonathan Zuck to Host and Panelists:

Measurement Mavins...

17:49:18 From Vanda Scartezini - Brazil to Everyone:

thank you Avri ! appreciate

17:50:19 From Carlos Dionisio Aguirre to Everyone:

metrics doesnt work well, if we dont a clear definition of volunteer

17:50:25 From Cheryl Langdon-Orr to Host and Panelists:

@Avri there are some entities who have had some success in this as possible examples the St John and Red Cross Red Crescent societies internationally for example and a good body of work on the 3rd sector does of course exist

17:51:36 From Vanda Scartezini - Brazil to Everyone:

I remember to get each bottom from 30, 40 meeting That I have been and I really appreciated this kind of simple recognition

17:51:58 From Franco Carrasco to Everyone:

As requested verbally, please rename your sign-in name with your full name. You will need to exit the Zoom Webinar and rename yourself before signing in again. If you do not use your full name (e.g. First Name + Last Name/Surname), you may be removed from this Zoom session.

17:52:39 From Orihuela#536 to Host and Panelists:

Hand up. CW

17:52:39 From Hadia Elminiawi (ALAC-Participant) to Everyone:

+1 Alan great point

17:52:48 From Franco Carrasco to Everyone:

Please remember that this discussion is between the ICANN Board and the ALAC members only. Therefore we will not be taking questions from the audience.

17:53:02 From Becky Burr to Host and Panelists:

@Alan G. Respectfully, it troubles me to see that we are trying to create new/reinforce existing distinctions that send us to our corners - real vs. fake volunteers.

17:53:05 From Samik Kharel ICANN 73 Fellow to Everyone:

<comment> its good to have incentives as well as an open call for volunteers as required. This will be essential to keep track of their work as well as encourage them to contribute in a long run. Something the UNV does with UNV.

17:53:33 From Sébastien Bachollet to Orihuela#536, Host and Panelists:

Put your real and full name Christopher

17:54:06 From Vanda Scartezini - Brazil to Everyone:

@FRANCO - can you check please if my name is complete? Vanda Scartezini

17:54:26 From Mouloud Khelif to Host and Panelists:

@Vanda you're fine

17:54:30 From Ahmad Aghar - ICANN73 Fellow to Everyone:

it is @Vanda

17:55:04 From Alan Greenberg to Everyone:

Becky, I am not minimizing their import, but recognizing that there is a difference is important.

17:55:38 From Carlos Dionisio Aguirre to Everyone:

the term volunteer doesnt admit metrics

17:55:55 From Chokri Ben Romdhane to Everyone:

<Comment>I Personally think that we have to distinguish between MSM which is a gouvernement model adopted by ICANN , and the efforts provided by Volunteers </comment>

17:55:59 From Vanda Scartezini - Brazil to Everyone:

thank AA for the feedback

17:56:09 From Cheryl Langdon-Orr to Host and Panelists:

Indeed @Marita

17:56:26 From Becky Burr to Host and Panelists:

@Alan, I think the distinction is more divisive than productive. It clearly implies a judgment.

17:56:38 From Gisella Gruber - ICANN org to Everyone:

@CW - have renamed you

17:57:11 From Becky Burr to Host and Panelists:

Also, how would we determine who is and who is not actually compensated for their participation

17:57:43 From Katambi Joan to Everyone:

@Gisella, kindly help with renaming me too. Thanks

17:57:50 From Shreedeeep Rayamajhi to Everyone:

@chokri MSM model certainly needs clear values

17:57:51 From Jonathan Zuck to Everyone:

@Becky, it's definitely complicated. I wish perhaps the CPH was a little less inclined to remind everyone that THEY are paying for everyone to be here.

17:58:11 From Becky Burr to Host and Panelists:

Fair @Jonathan.

17:58:36 From Samik Kharel ICANN 73 Fellow to Everyone:

<Comment> Mostly ICANN is very defiant about soaking/ replicating/ using anything from the United National (supposedly repealing from multilateral). But United Nations Volunteer is a refined model of volunteerism.

17:59:00 From Roberto Gaetano - NextGen Mentor to Host and Panelists:

@JZ - "they" are paying, but using the money that comes from registrants

17:59:24 From Samik Kharel ICANN 73 Fellow to Everyone:

*Nations

17:59:26 From Vanda Scartezini - Brazil to Everyone:

interesting comment Samik..

17:59:47 From Becky Burr to Host and Panelists:

Also fair, @Roberto

18:00:14 From Jonathan Zuck to Everyone:

Exactly @Roberto and, in fairness, THAT is the more frequent rhetoric.

18:00:17 From Cheryl Langdon-Orr to Host and Panelists:

and some parts of the 3rd Sector have a class of paid volunteers to add more complexity to the dynamics @Becky but it is worthy 'work' to explore from the ICANN MSM perspective it is however multifaceted

18:00:40 From Matthias M. Hudobnik to Host and Panelists:

Thx SeB

18:00:45 From Matthias M. Hudobnik to Host and Panelists:

Very important point!

18:01:25 From Edmon Chung to Everyone:

good outfit Sebastien

18:01:41 From Gisella Gruber - ICANN org to Tara, Host and Panelists:

Hello Tara - could you kindly provide you FULL name for transparency purposes?

18:02:01 From Vanda Scartezini - Brazil to Everyone:

thank you Seb

18:02:04 From Judith Hellerstein to Everyone:

I should be listed as Judith Hellerstein

18:02:21 From Shreedeeep Rayamajhi to Everyone:

<COMMENT> the COVID-19 situation provided an opportunity for more enagagment where the numbers have decreased in enagagment everyone was available but things have changed. the numbers have gone down. we have to accept the fact that virtual people are not enagaging<COMMENT>

18:02:22 From CMR CAPDA Michel TCHONANG LINZE to Everyone:

+1 Sebastien

18:02:49 From Gisella Gruber - ICANN org to Tara, Host and Panelists:

To ensure transparency of participation in ICANN's multistakeholder model, we ask that you sign in to Zoom sessions using your full name. For example, First Name and Last Name or Surname. To rename your sign-in name for this Webinar, you will need to first exit the Zoom session. You may be removed from the session if you do not sign in using your full name

18:03:00 From Roberto Gaetano - NextGen Mentor to Host and Panelists:

We could propose that instead from the current funding mechanism 1c will be paid by every gTLD registrant - the Registrar just passes it to ICANN - so we can stop this metropolitan legend

18:03:08 From Ahmad Aghar - ICANN73 Fellow to Everyone:

You're welcome @Vanda

18:04:30 From Vanda Scartezini - Brazil to Everyone:

Agree -additional budget request can help to provide some support to our promotions more regionally and helps to keep the interest of the local community in the ICANN work

18:05:16 From Samik Kharel ICANN 73 Fellow to Everyone:

<Comment> Either everyone should be volunteer. Or everyone should receive incentives. Thats encouraging enough to get going

18:05:26 From Ahmad Aghar - ICANN73 Fellow to Everyone:

That's somehow true @Shreedeeep: participating virtually means people are chiming in from different time zones where they might be at home, in school, office...probably trying to fulfill other tasks as well. All this leads to divided attention - unless someone can actually dedicate the time to the virtual meeting taking place

18:05:43 From Roberto Gaetano - NextGen Mentor to Everyone:

maybe off-topic, but it is a pain in the neck that by default the comments go to Host and Panelists, and there is no "copy" facility to repeat the message to everyone when you realise the mistake

18:06:13 From Ahmad Aghar - ICANN73 Fellow to Everyone:

@Samik I don't think that's feasible or simple to implement

18:07:21 From Samik Kharel ICANN 73 Fellow to Everyone:

@ Ahmad, I am sure its not simple, but I am sure its achievable.

18:07:24 From Vanda Scartezini - Brazil to Everyone:

@ roberto. true!!!

18:07:39 From León Felipe Sánchez Ambía to Everyone:

One thing I'd like to emphasize is that I think of everyone in our community as professionals. Coming from different corners, of course, but I am convinced that everyone contributing to ICANN's mission does it with great professionalism

18:08:28 From Alan Greenberg to Everyone:

ON my version of Zoom, I can copy from an old message to repeat it.

18:08:38 From Vanda Scartezini - Brazil to Everyone:

LACRALO got additional budget and we will have a internet day special 3 day event, I believe this help at least a little in this region

18:08:39 From Jonathan Zuck to Everyone:

Ditto

18:08:51 From Ahmad Aghar - ICANN73 Fellow to Everyone:

@Samik, it is, but at a high expense: either too much cost on ICANN or cutting off the financial support that some will find it very difficult to participate without

18:09:03 From Shreedeeep Rayamajhi to Everyone:

@ahmad the point was when the ICANN meeting was happening in one part of the world face to face there were more volunteers and enagagment but when it's happening virtually there should have been more enagagment as everyone could be participate but the numbers are decreasing

18:09:22 From Mouloud Khelif to Everyone:

Good point @Leon, everyone is a professional, and if I understand correctly, some are paid to participate in the MSM by their organisation/employer

18:10:10 From Vanda Scartezini - Brazil to Everyone:

but I am seeing less interest for new members to join and I see this a concerning nowadays and believe this is quite relevant issue to discuss further

18:10:51 From León Felipe Sánchez Ambía to Everyone:

And your view is particularly accurate Vanda since you see it from the NomCom's perspective and the challenges you face bringing in new people

18:11:06 From Roberto Gaetano - NextGen Mentor to Everyone:

@Alan - maybe because you are panelist - I also can normally, but not when the meeting takes this format and I am participant only

18:11:40 From Mary Wong - ICANN Org to Everyone:

@Leon, @Sebastien, the staff team that manages the general ABR process and approvals will be happy to discuss the challenges EURALO may have encountered in implementing its approved ABRs. We will follow up with the ALAC staff team. Thank you.

18:11:41 From Shreedeeep Rayamajhi to Everyone:

yes vanda u are so true volunteer interest is decreasing, the number of people participating even in this meeting is very less. the community has to think about this

18:11:44 From Ahmad Aghar - ICANN73 Fellow to Everyone:

yes @Shreedeeep, I agree. although people will not have to travel for a virtual meeting, it can be very inconvenient for them in terms of timing and scheduling. Plus there are still many people who do not feel engaged when they are in a virtual meeting - it discourages them

18:12:18 From Vanda Scartzini - Brazil to Everyone:

Jonathan is right . all policy work on volunteers shoulder is something to rethink about

18:12:29 From León Felipe Sánchez Ambía to Everyone:

Thanks @Mary

18:12:46 From Becky Burr to Everyone:

I'm going to be interested in seeing whether volunteer interest and engagement picks up once we are back to F2F meetings.

18:12:59 From Sébastien Bachollet to Everyone:

Thanks @Mary

18:13:30 From Sébastien Bachollet to Everyone:

@Becky I hope so

18:13:37 From Shreedeeep Rayamajhi to Everyone:

@becky the numbers would surely shoot up I can guarantee u that

18:13:37 From Roberto Gaetano - NextGen Mentor to Everyone:

@Becky - I bet it will - I hear this from a lot of people

18:13:44 From Ahmad Aghar - ICANN73 Fellow to Everyone:

no doubt @Vanda. I still think this is due to the meetings being virtual. I for one very much prefer to be meeting face to face. many will get more discouraged by a virtual meeting

18:13:58 From Obed.Sindy to Everyone:

Great session!

18:14:06 From Amrita Choudhury to Everyone:

It will probably pick up Becky when there is a F2F meeting . Not sure however if the remote participation will rise.

18:14:36 From Ahmad Aghar - ICANN73 Fellow to Everyone:

I think so @Becky - hope so!

18:15:00 From Jonathan Zuck to Everyone:

Goran, thanks for your remarks. I appreciate the help of ORG very much. I also appreciate the board's efforts on improving communication and evaluation of ALAC advice. It's not binary. It has more to do with policy development, in particular. Wasn't meant as a criticism, just an area for improvement.

18:15:04 From Cheryl Langdon-Orr to Host and Panelists:

@Leon the importance of Prioritisation matter can take half the time allocated to it if that helps this important issue continue further today

18:15:24 From Gregory Shatan to Everyone:

I think the useful comparison is between support of the GNSO Council and support of At Large. This has more to do with the nature of the support rather than simply the amount. The support needed is policy-related, which reflects a maturation of At Large in the policy development space.

18:15:34 From León Felipe Sánchez Ambía to Everyone:

Thanks @Cheryl

18:15:58 From Vanda Scartzini - Brazil to Everyone:

@BECKY - we are seeing in the nomcom less interest in apply for leadership positions, and communications group inside icann org agreed that they are seeing less interest , but I do not know if is just the f@f -certainly it is relevant because f@f brings opportunity to connect to jobs and projects that is of financial interest volunteers in general. online does not allow this individual contact with business groups

18:16:22 From Jonathan Zuck to Everyone:

that's great @David. Thanks

18:16:24 From Gregory Shatan to Everyone:

I am happy to help with this issue, with my ALAC hat on.

18:16:34 From Cheryl Langdon-Orr to Everyone:

FYI I have suggested to León that the last question on our docket could take less time than allocated to allow this matter to continue longer

18:17:32 From SSH_skills share hub to Everyone:

for a newbie looking for some advice to start

18:17:38 From Ahmad Aghar - ICANN73 Fellow to Everyone:

That makes sense @Gregory: it is not just the numbers but the level of participation as well!

18:18:06 From David Olive to Host and Panelists:

Being flexible to support efforts by the Community

18:18:10 From SSH_skills share hub to Host and Panelists:

I am from Pakistan and this is my first meeting

18:18:25 From Mary Wong - ICANN Org to Everyone:

To add to David's comments, and at a broader level, this is all part of the Policy Team's continuing effort to review how we provide support for all the community groups, including spotting current and emerging gaps and needs (whether in secretariat, analysis or other areas). Allocating specific staff to specific groups, including on a rotating or project basis, is essential to allow for the flexibility that David has noted.

18:18:35 From Roberto Gaetano - NextGen Mentor to Everyone:

+1 SeB

18:18:35 From SSH_skills share hub to Host and Panelists:

from where I can start

18:18:39 From Joanna Kulesza to Everyone:

+1 JZ - we're looking for additional incentives to attract new resources for valuable input. Any support in that regard is most appreciated.

18:18:42 From Shreedeeep Rayamajhi to Everyone:

+1 sab

18:18:48 From Mouloud Khelif to Everyone:

Do we know how many participants are currently in this call/meeting?

18:19:32 From Joanna Kulesza to Everyone:

198 Mouloud

18:19:46 From Mouloud Khelif to Everyone:

Thanks @Joanna

18:21:47 From Ahmad Aghar - ICANN73 Fellow to Everyone:

I think there were about 278 participants in Board-GNSO meeting before this one

18:22:24 From Sébastien Bachollet to Everyone:

No time but I ma sure we will be able to discuss

18:22:47 From Sébastien Bachollet to Everyone:

I am not sure about prioritisation of the Review of the reviews

18:24:11 From Hadia Elminiawi (ALAC-Participant) to Everyone:

@Ahmad how did you know? Board sessions are in webinar mode.

18:25:25 From Ahmad Aghar - ICANN73 Fellow to Everyone:

I thought when I joined it showed me the number @Hadia - thinking of it: I might be confusing it with a meeting from yesterday!

18:25:59 From Alfredo Calderon (ICANN73 Mentor) to Everyone:

@Hadia their are ways to know if the setup of the webinar allows. I have been in Webinar mode sessions where the number of participants is indicated.

18:26:51 From Marie Pattullo to Everyone:

Hadia - hover your mouse over the top grey bar on your screen & you get the numbers.

18:28:05 From Gisella Gruber - ICANN org to Everyone:

18:30 UTC At-Large Policy Session 2: Prioritisation Framework: ALAC Prioritisation Assessment Tool (APAT) Review

18:28:23 From Hadia Elminiawi (ALAC-Participant) to Everyone:

yes thanks Gisella

18:29:25 From Bill Jouris to Everyone:

<COMMENT> it seems like, on that prioritization slide, the lower right should be not so much :Won't have" as "Don't want"

18:29:31 From Cheryl Langdon-Orr to Everyone:

Apologies for the rush

18:29:46 From Matthew Shears to Host and Panelists:

looking forward to taking a look at the assessment tool

18:29:53 From Cheryl Langdon-Orr to Everyone:

our session later today is at 1830 UTC and will of course be archived

18:30:02 From Vanda Scartezini - Brazil to Everyone:

thank you all from the board to this positive conversation ! best to all

18:30:17 From León Felipe Sánchez Ambía to Everyone:

Thanks everone!

18:30:18 From Pari Esfandiari to Everyone:

Thanks everyone.

18:30:19 From Hadia Elminiawi (ALAC-Participant) to Everyone:

bye

18:30:21 From Ahmad Aghar - ICANN73 Fellow to Everyone:

Thanks @Marie. So @Hadia, I think the number was correct, about 278 for last meeting
