- LACRALO to put the questions it has developed onto the ALAC-Registrar [wiki: [Ideas for future ALAC-Registrar meetings](#)] ([Ideas for the content of educational materials to be developed by At-Large & Registrars](#)]) and have a call on each one of the RALO teleconferences for this to happen. But the question may be a little unclear.
- ExCom members, during their RALO meetings, to encourage ALS observers in various meetings. ExCom members, during the various meetings, are to encourage all RALOs to mention the fact that meetings are open to all.
- ExCom to consider having interpretation on calls in which only 1-2 members request it.
 - In progress: Overall strategy for archiving with interpretation/translation must be discussed at some point in future. (Of course, ICANN operating language is English.)
 - Note: Even if interpretation not requested, must consider its usefulness for future archival purposes; it is true of translating transcripts, wiki and mailing-list work, etc.
- Future ALAC Statements, which are lengthy, are to include an executive summary.
- Staff to update list of Cross-Constituency WGs on [ALAC AG wiki page](#)
