Maureen Hilyard	APRALO ALAC	<p>Friday 20 June - attended the ISOC Chapter Leaders' Workshop</p> <p>Saturday 21 June - participated in the ATLASII Plenary Sessions and Thematic Group 3 - Global Internet: The User Perspective</p> <p>Sunday 22 June - co-led the joint ALAC-ccNSO meeting with Katrina Sasaki. Discussion focused on a collaborative project. Action item was for me, Dev and Ron Sherwood to work on developing a list of matches of ALSes and their ccTLDs. The aim will be to enhance knowledge of ALSes about the role of ccTLDs, and to encourage the building of relationships between ALSes and their ccTLDs. Also ALSes may help to get more ccTLDs to join, and benefit from the support of, the ccNSO. The rest of the day was spent on the Thematic Group.</p> <p>Monday 23 June - Attended the DNS Women's Breakfast before the Welcome Ceremony; followed by a brief attendance at the At Large Policy Roundtable and then the ALAC and Regional Leadership Meeting</p> <p>Tuesday 24 June - Attended the ATLASII session with SO/AC Chairs, and the ALAC meeting with the ICANN Board. During the ALAC Work meetings I updated on the ALAC metrics procedure which is now being left to the RALOs to notify the Metrics Committee about how they aim to assess the performance of their ALAC members based on the expectations of the ALAC Rules of Procedure. The highlight was the Fayre of Opportunities in which APRALO shone! Great teamwork.</p> <p>Weds 25 June - Attended the second ATLASII session with AO/AC Chairs and the APRALO General Assembly where I introduced the APRALO Rules Procedure to ALSes highlighting the section on the selection/election of APRALO officers and ALAC members, and the section on Metrics and the performance of ALSes and ALAC members. I also introduced the new ALAC-ccNSO project discussed on Sunday. Unfortunately I was ill in the afternoon so could not attend the afternoon meetings, including the ccNSO Council meeting. However, I was able to spend a short time at the Gala event which was very low key but enjoyable.</p>
Maureen Hilyard	APRALO ALAC	<p>Thurs 26 June - Attended the entertaining wrap up of the ATLASII programme followed by a looong session of the ALAC & Regional Leadership Meeting where we voted on the NETmundial statement from the ALAC, and discussed at some length the ATLASII Declaration.</p>
