Description

During the discussions of the ALAC at ICANN52 in Singapore, the ALAC recommended that we constitute a Task Force (TF) to make recommendations to the ALAC regarding the criteria and expectations for ALSes and how those expectations relate to the work of the RALOs.

The recommendation was that this TF will include at least one ALAC member per region (to be selected by the ALAC members from each region) plus two people selected by the regional leadership (according to the RALO practices). Other may participate if they wish. The TF will be chaired by the ALAC Chair who will not formally represent his region. At-Large Staff will be full members of this TF as their input and opinions need to be considered.

Decisions in this TF will be made by consensus among the entire group or if necessary, by the regionally balanced group of 15 members plus Chair.
