This is a template of the fictional .example gTLD for gathering comments by At-Large for the evaluation panel's consideration ([String Similarity](#), [DNS Stability](#), [Geographic Names](#), [Technical & Operational Capability](#), [Financial Capability](#), [Registry Services](#)) for the 60 day Application Comment Period from June 13 to August 12 2012.

At-Large Comments on Objection Grounds (limited public interest, community grounds) can be found at the [At-Large Comments on gTLDs on Objection Grounds Consideration Workspace](#)

These At-Large comments will be reviewed by the gTLD Review Group for drafting a formal comment for ALAC approval during July 11-18 2012 in time for possible submission by ALAC to ICANN within the Application Comment Period.

ICANN's Public Comments during the Application Comment Period can be viewed at <http://newgtlds.icann.org/en/program-status/application-comments>
