

New gTLDs WG 30-01-2012 - Action Items

Action Items - New gTLDs WG
30 January 2012

SV to table the new gTLD WG objections procedure on the APRALO call.

Staff to send document as it stands now to translate into FR and ES.

Dev to prepare a cover sheet on what is on each page. This is also to be translated.

Further investigation is necessary regarding the Confluence plug ins and whether Confluence can sort table columns.

OCL, AD and DAT to work with the GAC and relevant staff on adding the At-Large requests for the Objection automatic tool.
