

New gTLDs WG 27-02-2012 AC Chat transcript

Nathalie Peregrine:Welcome to the New gTLD call on Monday 27 February 2012 at 14h00 UTC

Nathalie Peregrine:Agenda: <https://community.icann.org/x/OJnbAQ>

Dev Anand Teelucksingh:Hello, everyone

Cintra Sooknanan:Hi!

Dev Anand Teelucksingh 2:<https://community.icann.org/display/atlarge/At-Large+Meetings+-+Monday%2C+12+March+2012> ?

Alan Greenberg:For AOB, if there are any comments for me to forward to the Red CrossInternational Olympic Committee DT, thi would be a good time if here is time.

Heidi Ullrich:Monday's At-Large schedule: <https://community.icann.org/display/atlarge/At-Large+Meetings+-+Monday%2C+12+March+2012>

Heidi Ullrich:Agenda: 1. Objection Process - Review of process and changes due to the RALO review (15:00-15:20)2. JAS/ASP - Outreach (15:20-15:35)3. New gTLD Issues - Update (15:35-15:45)4. Time of new gTLD WG meetings (15:45-15:50)

Hong Xue:I think IOC and RC issues may be under gTLD update.

Cintra Sooknanan:Alan would you like this to be part of the Agenda?

Heidi Ullrich:Is that an AI, Avri?

Dev Anand Teelucksingh 2:The topic "Objections to the IOC/RedCross exemptions" will be discussed at ALAC Meeting with the NCSG on Monday, 12 March 2012

Heidi Ullrich:Thanks, Dev.

Evan Leibovitch:sorry I'm late

Cintra Sooknanan:Hi Evan, better late than never!

Cintra Sooknanan::)

Heidi Ullrich:Workspace with commetns: <https://community.icann.org/display/atlarge/At-Large+Proposal+for+the+ALAC+to+submit+public+comments+on+and+file+possible+objections+to+new+gTLD+Applications+2012+Workspace>

Evan Leibovitch:I don't know if things will be contentious enough to do it item by item.

Evan Leibovitch:We can play it by ear during the meeting

Cintra Sooknanan:lost connectivity briefly please give me rights so I can take notes :)

Cintra Sooknanan:thank you

Heidi Ullrich:You are welcome!

Dev Anand Teelucksingh 2:Olivier's comments : <http://atlarge-lists.icann.org/pipermail/gtld-wg/2012q1/000689.html>

Cintra Sooknanan:Avri is this an action item?

Evan Leibovitch:Not sure that scope is an issue. Anyone can RAISE an issue but it has to go through all of our process to make it out the other end as an official "objection"

Hong Xue:That's right, Evan.

avri:Cintra, it is already an AI

Evan Leibovitch:Same as the GAC process. Any country can raise an objection but the whole GAC has to approve for it to be a "GAC objection"

Cintra Sooknanan:thanks noted

Hong Xue:Can I get a PDF version of the objection procedure? The one on wiki cannot be downloaded.

Dev Anand Teelucksingh 2:<https://community.icann.org/download/attachments/31168785/Draft.pdf?version=1&modificationDate=1329175456000> doesn't work?

Hong Xue:Nope, probably because my net is rather slow.

Dev Anand Teelucksingh 2:"Draft proposal for the ALAC to submit public comments on, and file possible objections to new gTLD applications"

Hong Xue:Yeah_)

Dev Anand Teelucksingh 2:to "Draft proposal for the ALAC to submit public comments on, and file objections to new gTLD applications"

Dev Anand Teelucksingh 2:Carlton's comments : <http://atlarge-lists.icann.org/pipermail/gtld-wg/2012q1/000691.html>

Heidi Ullrich:Hong, I will send you the PDF.

Cintra Sooknanan:Dev indicated Carlton's concern to formulate an objection given what is in the AG. Some level of education is required.

Hong Xue:Thanks, Heidi.

Cintra Sooknanan:I would be happy to take the lead on this

Heidi Ullrich:Staff will load another example.

Cheryl Langdon-Orr:But we could run a topic / hashtag at the same time and use an identical logo on any of our own pages blogs etc., that Does link to the microsite materials etc.,

Evan Leibovitch:Nice design... and the idea of a logo for the applicant support program ... as long as it's widely applied within ICANN and not just used in social media (and as long as it's not interpreted as the blue guy pulling the green one down ;-)

Cheryl Langdon-Orr:Radio Outreach => important in the emerging economies / spaces we are wanting to engage with here Can a podcast and or small syndicable piece be done

Cheryl Langdon-Orr:piece = piece

Carlos Dionisio Aguirre:@CLO agree

Evan Leibovitch:@avri: +1 on qr code

Scott Pinzon:Technical issues about using a QR code.

Cheryl Langdon-Orr:YES QR code is excellent (you all know I'm a fan of those it is my new Business card

Cheryl Langdon-Orr:Scott can you put up the doc re this ASP?

Cheryl Langdon-Orr:we (the group has not seen that

Cheryl Langdon-Orr:can we load the fact sheet url

Cheryl Langdon-Orr:fact sheet

Cheryl Langdon-Orr: and YES lapel pin or even a sticker would do if needs be

Evan Leibovitch:(of course, every use of QR codes is a demonstration of flaws in the domain name system, but let's not go there for now ;-)

Evan Leibovitch:Based on my experience, the best and most competitive market for lapel pins makers is Brazil

Cheryl Langdon-Orr:The QR code would be an alt to the twibbon and could be a Tweet ID in its own 'corp right'

Heidi Ullrich:Fact sheet page: <http://newgtlds.icann.org/en/about/program/materials>

Heidi Ullrich:The fact sheet Scott mentioned is under Applicant Support Fact Sheets.

Heidi Ullrich:Avri, would you like staff to send the Applicant Support Fact sheet to the RALO lists?

avri:Heidi, I think that would be a good idea.

Heidi Ullrich:Thanks. We will send a message.

Cheryl Langdon-Orr:I'd be shocked if you had not been hand in glove with Mandy et.al in GP ;-)

Cheryl Langdon-Orr:as a dissemination of the info NOT an Assist role

Carlos Dionisio Aguirre:@CLO agree again

Cintra Sooknanan:Can be outsourced

Carlos Dionisio Aguirre:could be outsourced of course! and in this case could be the ALSs the mediums

Dev Anand Teelucksingh 2:Thinking aloud, although there doesn't seem to be much time to do this) : would a public webinar that anyone can attend be scheduled and At-Large/ALSes can then promote anyone to attend this webinar ?

Carlos Dionisio Aguirre:@DEV in my opinion webinars have short participation. webinars are only for people into ICANN environment, and our task is to encourage new participants of the civil society and ...

Cintra Sooknanan:Yes.. it is a good idea.. but you have to link the purpose to it

Cheryl Langdon-Orr:Yes Thanks Scott

Dev Anand Teelucksingh 2:@carlos - well the ALSes would then promote the webinar to such new participants

Dev Anand Teelucksingh 2:it isn't for the ALSes per se

Carlos Dionisio Aguirre:@Dev is a good idea , agree

Cheryl Langdon-Orr:Heidi c.an you make sure Scott gets a copy of this chat

Cheryl Langdon-Orr:Yes we can finish the admin. business etc., then next week

Cheryl Langdon-Orr:Thanks Avri Bye all

Scott Pinzon:Thanks all!

Dev Anand Teelucksingh 2:Thanks everyone

avri:actually i think the twibbon itself is sort of cute.
