

ALAC

Latest versions of Google Slides for Community Onboarding for updating in 2020. Work is being carried out by the [ICANN At-Large Onboarding Slide Deck Team](#) as part of the [At-Large Capacity Building WG](#)

- [0 - At-Large-Approach-for-Community-Onboarding](#) (February 2020) - Describes the ideas behind community onboarding
- [1 - Start Here](#) (February 2020) - presents tailored set of topics/slides depending on the audience
- [2 - What is the Domain Name System](#) (June 2020) - Introduce the concepts of the DNS and introduce entities like ICANN the corporation, and ICANN the community.
- [3 - The Policy challenges in the DNS](#) (February 2020) - slidedeck to help current (or potential) At-Large Community members learn about the various ICANN policy issues of interest to end users, why end users should care about these issues, and how as part of the ICANN At-Large Community they can become involved on these issues.
- [4 - Introduction to ICANN At-Large Community](#) (updated June 2020) - slidedeck about the At-Large Community, its key activities, and how to engage with the At-Large Community
- [5 - Navigating At-Large](#) (February 2020) - for current or new At-Large members on how to find relevant information and to participate in At-Large activities

Slides presented at various times during the Community Onboarding Sessions and/or Outreach and Engagement sessions
