Leon Sanchez:Muchas gracias Johnny! Buenos días!

Johnny Laureano:Pregunta a ambos candidatos: ¿Cual es su IDEA PRINCIPAL en representación de los usuarios finales de Internet ante la Junta Directiva del ICANN?

Johnny Laureano:Ask both candidates: What is your MAIN IDEA on behalf of Internet end users to the ICANN Board?

Aziz Hilali:Question to the two candidatesWhat should ICANN do to help unserved areasHow will you defend the users in these areas.Do you have a strategy

Natalia Enciso:Question for both: How would you encourage that less represented region as LAC and Africa participate actively in the Multistakeholder process?

Johnny Laureano:gracias

Johnny Laureano:Alan, thank you very much, for you attend my question.

Humberto:hello everybody, Humberto Carrasco, Lacralo chair

Johnny Laureano:Muchas gracias León.

Leon Sanchez:Gracias a ti Johnny!

Johnny Laureano:sorry Tijani, I have not microphone! sorry!

Satish Babu:Sorry Tijani, in listen-only mode...

Satish Babu:Question to both candidates: End-user interests appear to be represented within the ICANN Ecosystem by not only At-Large, but also by other constituencies (such as NCUC). What efforts can the Board take to demarcate the role of At-Large from other constituencies?

Paul:Am I the only one having problems with crackling audio?

Satish Babu:It's ok now...

Satish Babu:There was some beeping earlier.

Evin Erdogdu:There was some beeping earlier, but it should be gone now. Please let us know if this is not the case, Paul. Thanks all!

Aziz Hilali:Thank you Alan & léon

Arshad Mohammed:Question to both candidates: What are the personal priorities of the candidates and what would they like to see prioritised at the ICANN as a whole?

Natalia Enciso:Question 2 for both candidates: According to the At-large review report, there is a perception that the same persons are always participating and holding positions. How would you encourage more younger participation and assure a generational relief?

Ariel Liang:Please feel free to raise your hand and ask the questions directly via audio. we have French and Spanish interpretation too.

Natalia Enciso:I am sorry Ariel, I am at the office right now and can only write on the chat.

Evin Erdogdu:Thanks Ariel - indeed, our talented French and Spanish interpreters are on the call!

Ariel Liang:understand Natalia. Thank you

Johnny Laureano:Question for Alan and León: It is very important that ICANN's budget include resources to develop ALS, what will be its contribution on this issue.

Paul:Still getting some popping and crackling. Definitely better but could you ask everyone using external mics to check their connections.

Evin Erdogdu:Will do. Thank you Paul!

Antonio Medina:pregunta para los dos: ademas de recursos, como lo menciona Johnny Laureano, que acciones concretas proponen para fortalecer las Ralos y sus ALSs?

Ariel Liang:gracias Antonio! Silvia helped translated the question and I will help read out, if you wish

Antonio Medina:gracias
