Glenn McKnight:correct

Glenn McKnight:Mainly english islands

Glenn McKnight:Not TT

Javier Rua-Jovet:And Puerto Rico which is always sui generis!

Cheryl Langdon-Orr (CLO):I agree with this limited scope

Holly Raiche:I also agree with a very limited scope, as outlined in the document that has been circulated

Cheryl Langdon-Orr (CLO):though I am another 'at risk ' of being classed as Experienced in this context

Glenn McKnight:sorry old hand

Carlton Samuels:Limited Scope is supportable FOR THIS INSTANCE. We should find a way to classify 'experience' to allow for infusion of some new blood.

Carlton Samuels:@OCL: +1 one to one off

Holly Raiche:Also agree with OCL - make it clear that future ATRT reviews should not be similarly narrowed

Carlton Samuels:@Stakeholder balance I would encourage a look at the 'balance option' but as Sebastien says, get it to the board.

Javier Rua-Jovet:yes

Holly Raiche:Agree with Carlton and Sebastien

Carlton Samuels:+1 Sebastien

Javier Rua-Jovet:Agree with Sebastien

Harold Arcos:+1 Sebastien

Harold Arcos:According to the Bylaws (Section 4.6 (b)), the ICANN Board 'shall cause a periodic review of ICANN's execution of its commitment to maintain and improve robust mechanisms for public input, accountability, and transparency so as to ensure that the outcomes of its decision-making reflect the public interest and are accountable to the Internet community ("Accountability and Transparency Review").'

Carlton Samuels:@Alan: Say directly the "other forum"!

judith hellerstein:ICANN can you send the guidelines out

Julie Hammer:ylaws: The Accountability and Transparency Review shall be conducted no less frequently than every five years measured from the date the previous Accountability and Transparency Review Team was convened.

Alan Greenberg:beat me to it julie

Julie Hammer::-)

Javier Rua-Jovet:I still have not received my reimbursement of per diem.

Javier Rua-Jovet:gone

Javier Rua-Jovet:yes

Javier Rua-Jovet:yes

Olivier MJ Crépin-Leblond:I have noticed that there are times when people touch a key of their phone when they speak and this cuts out their voice for a couple of seconds.

judith hellerstein:I got mine before I left. but only got my travel reimbursement yesterday

Rinalia Abdul Rahim:on travel reimbursements: if ORG service is not consistent in reimbursing community members, pls gather data and submit to CEO.

Terri Agnew>Welcome Raitme Citterio

raitme citterio:thanks @Terri

Cheryl Langdon-Orr (CLO):Judith they have supposed to have improved, but when I became Chair elect of the Nominating Committee CT had still not reimbursed Members of the previous NomCom for expenses at the start of their year and NC is all claims not any pre paid

Alan Greenberg:rinalia, it would be helpful if you could tell us how quickly you get reimbursed....

Heidi Ullrich:@All, please either ask Constituency Travel or alert AT-Large staff

Heidi Ullrich:We will contact Constituency Travel.

Alan Greenberg>Please add an AI for Alan to write to Xavier regarding reimbursement process.

Maureen Hilyard:@Holly.. are you counting those members who commented, only to find their comments disappear.. I didn't realise you also had to click onto the comment button - hadn't had to do that before

Dev Anand Teelucksingh:Q: How are comments being received by At-Large Review Party? A separate email or is there a Google Doc being used?

Dev Anand Teelucksingh:Or wiki page ?

Javier Rua-Jovet:Thanks Alan

Maureen Hilyard:OK.. I have to do that again?? the comments will sound even more frustrating !!

Carlton Samuels:There are three issues that I think we should highlight: the role of the At-Large WGs in building capacity and forging consensus on issues of importance to the At-Large 2) The recognition of single member participation in At-Large policy making at all levels 3) The funding model reported does not value or recognize our inputs in ICANN meetings. I intend to go very strong on that one because it constantly irritates me!.

Carlton Samuels:Question, is the WP a creature of the ALAC or what?

Carlton Samuels:@CLO: Thanks for that! Now I get it

Maureen Hilyard:@ALan... thank you for that permission!

Carlton Samuels:@Holly: Thanks I will

Cheryl Langdon-Orr (CLO):time is already running out, the contract with ITEMS is not likely to be changed

Tijani BEN JEMAA:+1 @Sebastien, Alan, Seun and Olivier

Olivier MJ Crépin-Leblond:Thanks @Cheryl for the inf on the process for GNSO review v. At-Large Review.

Cheryl Langdon-Orr (CLO):yes Julie

Julie Hammer:In this context, we should have said "BCEC slate of Candidates", but that terminology subtly did not become evident until later in the process.

Glenn McKnight:More than 20 people attended the IGF in Mexico from ATLARGE only some funded by ICANN. the Oand E is discussing the numerous issues

Javier Rua-Jovet:My key takeaway from IGF: Although I could not attend physically, remote participation was generally acceptable.

Cheryl Langdon-Orr (CLO):agree Julie, we need to note that for Future

Olivier MJ Crépin-Leblond:We filed a community objection instead of a public interest objection because the process for a community objection allowed us to file one but the public interest objections were primarily through a third party, the "public interest objector" (wasn't his real name, I am working from weak memory)
