14:22:40 From Dev Anand Teelucksingh (TTCS) : <https://community.icann.org/display/atlarge/At-Large+Community+Onboarding>

14:22:45 From Cheryl Langdon-Orr : Indeed @Heidi after all resources are reviewed and updated as needs may be

14:23:54 From Akay Oloyede : @ Joanna I was having problems with my audio and decided to lower my hand. I think its a good thing that we are developing so much capacity but we also need to start thinking of review and moderating mechanism for these material. It would not be good to have something out that is not 100% accurate. it would be good to have a check mechanism in place.

14:24:42 From Akay Oloyede : @ Joanna I was having problems with my audio and decided to lower my hand. I think its a good thing that we are developing so much capacity but we also need to start thinking of review and moderating mechanism for these materials. It would not be good to have something out that is not 100% accurate. it would be good to have a check mechanism in place.

14:24:59 From Joanna Kulesza : Thank you Akay, duly noted, I will raise this also in the discussion in the moment.

14:25:07 From Cheryl Langdon-Orr : Indeed thus the Review and update as required comment I made, so that a properly curated set of resources can be trusted to be always top notch and up to date

14:25:22 From Heidi Ullrich : Perhaps these slides might be presented on the next Regional Leadership meeting so that the Regional Leaders are aware of these materials for new members

14:25:45 From Dev Anand Teelucksingh (TTCS) : Here's the [code.org](https://youtu.be/Dxcc6ycZ73M) Intro video : <https://youtu.be/Dxcc6ycZ73M>

14:26:04 From Heidi Ullrich : Will the CBWG develop a plan/strategy on how to roll out and track the take up of these CB tools?

14:26:29 From Dev Anand Teelucksingh (TTCS) : And the [code.org](https://www.youtube.com/playlist?list=PLzdnOP1iJNfMRZm5DDxco3UdsFegvuB7) videos are quite good , here's the playlist <https://www.youtube.com/playlist?list=PLzdnOP1iJNfMRZm5DDxco3UdsFegvuB7>

14:26:50 From Akay Oloyede : Yes Heidi I agree.

14:27:16 From Heidi Ullrich : Given that these various tools are being rolled out at approximately the same time, it might be useful to note the starting point level of capacity and then at regular intervals.

14:27:29 From León Felipe Sánchez Ambía : i need to drop now. thanks all!

14:27:48 From Cheryl Langdon-Orr : Bye León

14:28:26 From Cheryl Langdon-Orr : Makes sense @Heidi
