00:19:17 Claudia Ruiz: Welcome to the Capacity Building Working Group Call
00:25:06 Claudia Ruiz: <https://www.streamtext.net/player?event=ICANN>
00:26:50 Heidi Ullrich: Betsy is unable to join the all today.
00:28:27 Heidi Ullrich: Action Items will be noted at: <https://community.icann.org/display/atlarge/Action+items%3A+2020-07-08+At-Large+Capacity+Building+Working+Group+Call>
00:34:52 Nkem Nweke (DigitalSENSE Africa): Good evening from Nigeria
00:36:00 Cheryl Langdon-Orr: I will pusue this further in the Wbinar call tomorrow then, as that is not actually what I was commenting on
00:36:44 Claudia Ruiz: Welcome Nkem
00:38:40 Cheryl Langdon-Orr: rather that it could be 1 *aspect* or ATRT3 Recs (that of Continues Improvement planning and programs in the SO/AC's) and not all of it... As by then other aspects will be up in the decision point with the Boards and not require At-Large action as yet (in scale of years)
00:39:16 Joanna Kulesza [Cool-ee-sha]: Duly noted @CLO
00:39:44 Cheryl Langdon-Orr: But that our CI planning also comes out of the ARI and ARIWG reporting, and is stated ongoing activities
00:41:12 Joanna Kulesza [Cool-ee-sha]: @CLO there is a discussion around the precedence of these with WS2 included. Not sure we have a clear understanding on how these go together but happy to see this discussed.
00:41:42 Heidi Ullrich: The Intro to At-Large course is based on the previously published Beginners Guide (an At-Large innovation).
00:42:00 Heidi Ullrich: It is being updated and developed for ICANN Learn.
00:44:13 Cheryl Langdon-Orr: link to this doc here perhaps?
00:44:36 Claudia Ruiz: <https://docs.google.com/document/d/1Y05Uc38bTcJk3dE9wkJXc-QuxtKvmJlpjF-ZGIOhE3c/edit>
00:44:41 Cheryl Langdon-Orr: Thx
00:44:43 Claudia Ruiz: Google Doc:
00:44:54 Claudia Ruiz: You're welcome
00:45:24 Cheryl Langdon-Orr: "Little but busy" could be the Chair of ALAC understatement of the decade!
00:45:54 Cheryl Langdon-Orr: bit not but (darn auto correct!
00:47:25 Heidi Ullrich: Three case studies are to be Included in the Introduction to At-Large policy advice development.
00:48:19 Cheryl Langdon-Orr: excellent news!!!
00:49:23 Cheryl Langdon-Orr: Fundamentals is overall to ICANN
00:49:23 Heidi Ullrich: The Policy
00:49:43 Heidi Ullrich: Fundamentals course is more general
00:49:46 Cheryl Langdon-Orr: ours would be icing on that substructure I assumed
00:50:37 Heidi Ullrich: So two At-Large courses - 1) Introduction to At-Large and 2) Introduction to At-Large Policy Advice Development
00:52:35 Heidi Ullrich: Correct, Maureen
00:52:43 John More: good direction for the future.
00:52:52 Heidi Ullrich: The video has been approved as I understand it
00:52:57 Heidi Ullrich: that is a separate tool
00:53:07 Heidi Ullrich: So a bucket of tools are being developed.
00:53:40 Remmy Nweke: Good one there @Heidi
00:53:48 Cheryl Langdon-Orr: Tool kits (as extensive as needs be) is always better than limitations on our tools
00:54:27 Cheryl Langdon-Orr: my usual comments on cutting steal with a butter knife and cutting butter with a laser apply of course ;-)
00:55:50 Cheryl Langdon-Orr: and auto correct strikes again... steel not steal ;-) *SIGH*
00:58:48 Maureen Hilyard: It would be great if any resources that might contribute to the development of these courses were put into the references column
01:01:49 Maureen Hilyard: A database has been something we have been talking about for ages, so it would be good to get something up and running!! :)
01:02:12 Maureen Hilyard: a database of member skills and expertise
01:02:50 Cheryl Langdon-Orr: Maureen I remind you about the CRM opportunities in our near future
01:03:49 Maureen Hilyard: Actually it would be helpful if your explained that because it is mentioned in the Review report and people may not be up to speed with it
01:04:03 Cheryl Langdon-Orr: Of course we have all suffered through people "presenting" and representing groups and thoughts poorly so finding actual justifiable expertise and fresh voice is excellent!
01:04:39 Maureen Hilyard: Hand up Cheryl
01:06:22 Maureen Hilyard: Yes the new database resource could be developed using this new tool
01:08:02 Cheryl Langdon-Orr: So a simple system now will be a great start for feeding into the CRM anyway
01:08:34 Cheryl Langdon-Orr: As will be the existing materials from various RALOs also often being done
01:08:40 Abdulkarim oloyede: I think an excel sheet on Google Doc would do. it should be simple
01:08:48 Cheryl Langdon-Orr: so KISS for now
01:09:06 Maureen Hilyard: +1 AK for a start
01:09:44 Abdulkarim oloyede: yes I agree Joanna
01:10:56 Cheryl Langdon-Orr: Yes Heidi several RALOs do this regularly
01:11:01 Cheryl Langdon-Orr: COrrrect
01:11:09 Maureen Hilyard: +1 Heidi
01:11:13 Cheryl Langdon-Orr: NA do as well
01:13:00 John More: Would not ICANN Learn be the best initial location ?
01:13:41 Joanna Kulesza [Cool-ee-sha]: We're looking to diversify our resources @John
01:17:02 Heidi Ullrich: @Joanna, shall I make that an AI?
01:18:08 Maureen Hilyard: Yes there needs to be a connection between the resources dashboard and the Participation Toolkit page.
01:20:29 Cheryl Langdon-Orr: Why is ICANN on hols in Aug?
01:20:37 Cheryl Langdon-Orr: they are not in EU!
01:20:53 Cheryl Langdon-Orr: they have a few days off in Xmas NY
01:21:04 Heidi Ullrich: ICANN is not on holiday in August
01:21:20 Heidi Ullrich: First Wed in August - noted
01:21:31 Cheryl Langdon-Orr: Good call Thx JK
01:21:35 Cheryl Langdon-Orr: Bye for now
01:21:39 John More: Thanks.
