14:43:33 From Sébastien Bachollet : Next, next  
14:44:01 From Jonathan Zuck : @Marita, the Valentine ended up with staff. This is a reference to DNS Abuse related advice that we submitted such earlier.  
14:45:20 From Marita Moll : Yes @Jonathan. That's what I was thinking about.  
14:46:07 From Tracy Hackshaw : Hello everyone from Trinidad & Tobago. Multitasking atm. Keep safe.  
14:47:56 From Maureen Hilyard (ALAC) : I agree with Olivier that it is great to see RALO collaboration on a policy issue..  
14:49:11 From Maureen Hilyard (ALAC) : I liked the idea of scenarios because it put the policy issue into a context that our end-users can understand and identify with  
14:50:08 From Hadia Elminiawi : +1 Maureen RALO collaboration on policy issues  
14:50:35 From Michelle DeSmyter : If you would like to follow along on RTT: <https://www.streamtext.net/player?event=ICANN> [streamtext.net]  
14:51:02 From Glenn McKnight, Foundation for Building Sustainable Communities : @maureen you can review the NARALO capacity survey to the NARALO membership on policy issues for them to express interest but also to get involved  
14:51:18 From Evin Erdodu : Take the At-Large GeoNames Survey: <https://forms.gle/skiGii05n4UXu9G57>  
14:51:27 From Glenn McKnight, Foundation for Building Sustainable Communities : Its in a draft mode that is being edited  
14:51:31 From Evin Erdodu : Brava Justine!!!  
14:51:43 From Jonathan Zuck : Indeed!  
14:51:48 From Holly Raiche : Well done Justine  
14:51:52 From Cheryl Langdon-Orr : :-)  
14:52:00 From Maureen Hilyard (ALAC) : +1 for Justine  
14:52:23 From davekissoondoyal : +1 Justine  
14:52:31 From Cheryl Langdon-Orr : There is more than 40+ topics listed in the SubPro PDP Charter so yes a LAEGE effort  
14:52:36 From Hadia Elminiawi : Great job Justine  
14:52:38 From yrlolansipuro : +1 Justine  
14:53:18 From Marita Moll : Yeah Justine  
14:54:07 From Cheryl Langdon-Orr : I would hope it would also instruct the response to the PC for the Final Report  
14:54:22 From Maureen Hilyard (ALAC) : All the activities related to SubPro indicate some real effort from At-Large  
14:54:59 From Olivier MJ Crepin-Leblond : If we do not work on this immediately, chunk by chunk, it will be too hard to digest the whole document at the end  
15:00:00 From Jonathan Zuck : +1 Olivier especially because the rest of work is ongoing: ATRT, EPDP, Multistakeholder, DNS Abuse, RPMs, etc. etc. etc.  
15:02:15 From Olivier MJ Crepin-Leblond : The list is endless, and there's plenty more where it comes from, Jonathan :-)  
15:02:26 From heidi.ullrich : @Lianna, yes, we'll be organizing 5 RALO calls with the Regional Leaders, SC on O/E co-chairs, At-Large regional managers and GSE RVPs to coordinate and streamline the FY21 regional strategic outreach plans.  
15:03:08 From Lianna Galstyan, APRALO : @Heidi, appreciate that coordination  
15:04:03 From Abdulkarim Oloyede : Thank you Seb for this. strongly believe this is time to reduce some of the duplications during our calls and work  
15:07:45 From heidi.ullrich : We are setting up the election page atm  
15:07:49 From Abdulkarim Oloyede : I believe that the chairs email earlier today on prioritisation is a right step in the right direction but some of the duplications and overlapping should be avoided more.  
15:10:09 From heidi.ullrich : FY20 At-Large priorities: <https://community.icann.org/display/atlarge/At-Large+Priority+Activities++2020>  
15:10:33 From Cheryl Langdon-Orr : The Report is getting into quite good shape  
15:10:57 From heidi.ullrich : +1, well done Eduardo and team  
15:12:31 From davekissoondoyal : +1 Eduardo  
15:13:52 From Michelle DeSmyter : We do have Sergio on the phone bridge now  
15:15:01 From Michelle DeSmyter : we will look into this asap  
15:16:05 From Olivier MJ Crepin-Leblond : I'll let Jonathan prioritize :-)  
15:16:23 From Cheryl Langdon-Orr : :-)  
15:17:05 From Cheryl Langdon-Orr : \_1 JZ we need to find a way to get foundation work done  
15:19:43 From Jonathan Zuck : We definitely NEED to focus on topics of most interest to end users rather than every topic that comes up inside ICANN  
15:20:17 From heidi.ullrich : Perhaps identify key areas and note the Public comments that are related to them  
15:20:44 From heidi.ullrich : Also, perhaps a table that identifies the At-Large members that are either reps or active in GNSO PDPs.  
15:21:05 From Cheryl Langdon-Orr : Remember in future better scoped PDPs will also aid in this management of monoliths  
15:21:21 From Jonathan Zuck : +1 Cheryl  
15:21:37 From Michelle DeSmyter : @Maureen - Sergio is reconnected via the phone bridge and ready to speak when prompted.

15:22:06 From heidi.ullrich : @Cheryl, looking forward to your presentation on the GNSO 3.0  
15:22:22 From heidi.ullrich : Argh - PDP 3.0  
15:22:54 From Cheryl Langdon-Orr : I think with the CPWG and the increasing participation in these policy matters we are well poised to take advantage of these new ways going forward (so the timing is kinda right p as long as we keep looking "forward" and not moaning on about history  
15:23:11 From Cheryl Langdon-Orr : indeed @Heidi  
15:23:18 From Humberto Carrasco : Apologies for being late  
15:23:19 From Maureen Hilyard (ALAC) : +1 re focusing on the end-user portion of the policy issues  
15:28:02 From Humberto Carrasco : Thanks Sergio  
15:28:15 From Cheryl Langdon-Orr : Thx @Sergio  
15:28:59 From sergio salinas porto LACRALO to Michelle DeSmyter (Privately) : :-D  
15:29:23 From Abdulkarim Oloyede : I think we have the solutions as Jonathan and Olivier are making a lot of good points what is required is actions and sticking to them while keeping our focus.  
15:30:26 From Alan Greenberg : 2 but who's counting!  
15:30:40 From Olivier MJ Crepin-Leblond : @Sébastien - the problem is that there is a real push in this organisation for early engagement rather than coming later only as advisory  
15:30:45 From Jonathan Zuck : And we CAN take the lead on an issue or two.  
15:31:15 From Cheryl Langdon-Orr : and in my view OCL tht is a \*very good thing\*  
15:31:41 From Cheryl Langdon-Orr : it does not effect the AC's bylaw mandates and rights to Advice  
15:31:44 From Alan Greenberg : We should not NEED to raie a policy issue, but if no one else is raising it, fine. We do not SET the policy, but bringing it to the Policy Org is fine.  
15:34:03 From Alan Greenberg : CPWG ==> CSWG - Consolidated Stuff Working Group  
15:34:06 From Jonathan Zuck : And @Alan, we apparently have the ability to call for a PDP.  
15:34:31 From Cheryl Langdon-Orr : an Issue report I suspect  
15:34:33 From Alan Greenberg : @Jonathanm yes, and we did twice. A LONG time ago!~  
15:39:02 From Holly Raiche : I don't think we ever confined C  
15:39:21 From Alan Greenberg : Perhaps we need a WEEKLY ALAC call then!  
15:39:25 From Holly Raiche : I don't think this CPWG was ever just about DNS Abuse  
15:39:39 From Jonathan Zuck : DNS Policy @Holly, not Abuse  
15:40:08 From Holly Raiche : I'll accept that - but that means DNS in its widest sense  
15:41:11 From Cheryl Langdon-Orr : Maybe more ALAC Members need to actually GET involved in this work  
15:41:23 From Cheryl Langdon-Orr : they are still thin on the ground even in CPWG  
15:41:25 From Jonathan Zuck : Momentum is the word you're looking for, not inertia!  
15:41:46 From Jonathan Zuck : +Cheryl  
15:42:14 From Cheryl Langdon-Orr : exactly @Maureen  
15:42:24 From Alan Greenberg : Yes Jonathan, I am guilty of illiteracy....  
15:42:27 From Eduardo Diaz - NARALO Chair : +1 Cheryl  
15:42:48 From Cheryl Langdon-Orr : an overarching manager of many things and consolidation and adoption or NOT of policy or other activity recommendations  
15:42:54 From Eduardo Diaz - NARALO Chair : In fact, all ALAC should participate in the CPWG  
15:42:58 From Alan Greenberg : +1,000,000,000 Cheryl.  
15:44:07 From Alan Greenberg : @Eduardo, perhaps even all RALO leaders as well...  
15:49:21 From Olivier MJ Crepin-Leblond : "The CPWG is for Everyone"  
15:50:05 From heidi.ullrich : Streamline the regional strategies

15:57:05 From Jonathan Zuck : We didn't "give up" and it paid off  
15:57:39 From Alan Greenberg : The remote sessions showed a LOT of preparation and that made a big difference.
