Glenn McKnight-FBSC: (14:43) Thanks Leah

John Laprise (ALAC/NARALO): (14:44) TY Leah

Alfredo Calderon (ISOCPR): (14:44) @Leah, Great update!

Javier Rua-Jovet: (14:45) yep

Leah Symekher SFBay ISOC/NOMCOM: (14:45) You are all welcome. Please reach out with any Qs and suggestions.

Tripti Sinha: (14:45) Dear all - I must leave now for my next meeting. Thank you again for inviting me to your meeting. I look forward to meeting and working with you. R Tripti

John Laprise (ALAC/NARALO): (14:45) As ALAC Vice Chair for Policy I strongly encourage everyone to volunteer for the CPWG

A-Eduardo Díaz: (14:45) @Tripti: Thnaks for being here!

Andrea Glandon: (14:46) Consolidated Policy Working Group (CPWG) main wiki page: <https://community.icann.org/x/jYDpB>

A-Eduardo Díaz: (14:46) Thnaks Andrea

Andrea Glandon: (14:46) You're welcome!

George Kirikos: (14:49) They proposed removing the tech contact...not sure if that will go through.

George Kirikos: (14:50) GDPR is being overapplied, though, e.g. to non-Europeans, to corporations, etc.

George Kirikos: (14:51) (or even to those who WANT their WHOIS public, like my company, grrrrr)

John Laprise (ALAC/NARALO): (14:51) @George for many it's more cost effective to apply broadly rather than track individual EU residency status

George Kirikos: (14:52) @John: understood. However, I'm sure my registrar knows my country, as they charge me sales tax correctly.

George Kirikos: (14:52) (same for other registrars)

Greg Shatan: (14:52) The residency status is in Whois.

Yubelkys Montalvo: (14:52) thanks

John Laprise (ALAC/NARALO): (14:52) It's also not tenable for (in my case) a nonprofit to tell some members that we're protecting others' privacy "better"

Silvia Vivanco: (14:53) CCWG: <https://community.icann.org/display/WEIA/WS2+-+Enhancing+ICANN+Accountability+Home>

Silvia Vivanco: (14:53) @ Eduardo, apologies for the delay...my internet dropped just back

George Kirikos: (14:53) If China or the USA passes a law to make WHOIS be public on a mandatory basis, that will mess things up. :-)

George Kirikos: (14:54) (and some are pushing for that kind of law in the USA)

John Laprise (ALAC/NARALO): (14:54) TY greg!

George Kirikos: (14:54) Thanks Jonathan!

George Kirikos: (14:55) +1 Greg

John Laprise (ALAC/NARALO): (14:55) @George Given the current status of Congress, I'm unpersuaded that Congress can pass legislation let alone on the Internet

John Laprise (ALAC/NARALO): (14:55) +1 Greg

George Kirikos: (14:55) (I've mostly been following the mailing list, rather than the calls)

George Kirikos: (14:56) Very true, John. It's a huge stalemate on many issues.

George Kirikos: (14:56) Right, Greg. A lot of big issues are being left unsolved.

George Kirikos: (14:58) I think once governments realize that WHOIS privacy might increase tax evasion, and other issues, I think they'll eventually make WHOIS be public for all commercial activity (regardless of location or if it's individuals/corporations).

Marita Moll: (14:58) We could talk about the strat plan next time. It won't go away

A-Eduardo Díaz: (14:58) Thnaks Marita

John Laprise (ALAC/NARALO): (14:59) I'm not sure governments understand WHOIS...

Andrea Glandon: (14:59) CPWG Calls each Wed with rotating times of 13, 19 & 21 UTC

Judith Hellerstein: (14:59) 2 year budget comments are due on feb 20

John Laprise (ALAC/NARALO): (14:59) YAY CPWG call!

Alfredo Calderon (ISOCPR): (14:59) Thanks Jonathan.

Leah Symekher SFBay ISOC/NOMCOM: (14:59) thks Jonathan

Judith Hellerstein: (14:59) Thanks jonathan

Silvia Vivanco: (14:59) Thank you all for your participation!
