11:54:11 From Glenn McKnight, Naralo : Ebook version of Curated notes

11:54:13 From Glenn McKnight, Naralo : http://online.fliphtml5.com/gnel/bjst/

11:55:50 From haroun mahamat cherif to Michelle DeSmyter (Privately) : hi michelle is it public meeting or private ?

11:56:07 From Sarah Kiden : Hi everyone

11:57:13 From Heidi Ullrich : Welcome, All!

11:59:01 From Gary Campbell : Hi all

11:59:37 From Harold Arcos : Hi everyone,,,nice to e-see you again,,,,

12:02:57 From Harold Arcos : My apologies in advance, I need to drop off this call in 1 hour

12:03:28 From Heidi Ullrich : Hi Harold, this call should last just a bit over one hour.

12:04:18 From Harold Arcos : Thanks Heidi, good news

12:04:36 From Siranush Vardanyan : hi all

12:04:50 From Marita Moll : for the roll call: Marita Moll -- just joined

12:05:03 From Bram Fudzulani : Hello Siranush

12:05:08 From Heidi Ullrich : The agenda for today's call is at: https://community.icann.org/display/atlarge/2019-07-31+ALAC+Subcommittee+on+Outreach+and+Engagement

12:07:21 From Heidi Ullrich : AFRALO activities at ICANN65: https://atlarge.icann.org/afralo/afralo-activities-at-icann65-en

12:07:23 From Filina Natalia : Hello all, apologise for the delay

12:07:41 From Heidi Ullrich : Did we get a lot of people at the booth?

12:07:59 From Heidi Ullrich : Was there a sign up sheet that was distributed for members to follow up with potential people?

12:08:05 From Heidi Ullrich : @Dev - Lol

12:08:14 From Heidi Ullrich : Same question :)

12:09:13 From Heidi Ullrich : We need to assign one person to lead on this issue.

12:09:23 From Filina Natalia : Heidi, i have seen this list, but we lost some visitors without notes, unfortunately...

12:09:36 From Heidi Ullrich : We should also have a bowl to collect cards

12:09:38 From Judith Hellerstein : hand up

12:10:11 From Judith Hellerstein : the bowl was often stolen by others and the sheet was often lost

12:10:14 From Heidi Ullrich : but agree that an online form should be created and ask people for their info. However, given GDPR, this info could only be internal

12:10:19 From Sarah Kiden : Agree to have one person leading the issue

12:10:43 From Filina Natalia : Yes, indeed, online form we need

12:11:20 From shreedeep rayamajhi : judith is right so true. the equipment had limitation

12:12:09 From shreedeep rayamajhi : so true Daniel

12:12:31 From Glenn McKnight, Naralo : I create a google form for signup

12:12:35 From Glenn McKnight, Naralo : It wasn`t used

12:12:41 From Heidi Ullrich : So a solution would be to get an online form set up and posted on the laptop.

12:12:54 From shreedeep rayamajhi : we had an excel sheet

12:12:57 From Judith Hellerstein : I think we need a locked iPad set up there

12:13:01 From Glenn McKnight, Naralo : It was created after the IGF Geneva

12:13:07 From Heidi Ullrich : We should also likely have a coordination meeting once everyone is there...

12:13:21 From Filina Natalia : Yes, laptop will be good to show the info and to help to fill the form

12:13:22 From Heidi Ullrich : The lack of follow up has been an ongoing challenge

12:13:28 From Glenn McKnight, Naralo : 137 names from IGF Geneva but most were false due to the free converter

12:13:56 From Dev Anand Teelucksingh : then online should be the only way to get names and emails

12:14:19 From Heidi Ullrich : We could also ask them to contact Daniel/etc and once they do that, they get a pin/pen, etc.

12:14:30 From DANIEL K. NANGHAKA : Yes, indeed

12:14:37 From Dev Anand Teelucksingh : because apart from the "paper" having to be tracked, then there are problems in getting the info digitalised

12:14:50 From Heidi Ullrich : We could also have raffle tickets which they get if they contact Daniel - and then have a drawing at the end.

12:15:12 From Dev Anand Teelucksingh : Was there an AI ?

12:15:22 From Heidi Ullrich : Up to Daniel to state an AI

12:15:38 From Dev Anand Teelucksingh : Perhaps someone to present the online form for future ICANN F2F meetings

12:15:40 From Heidi Ullrich : We can start at ICANN66 and then continue at the IGF

12:15:53 From DANIEL K. NANGHAKA : Yes, lets take that as an Action point

12:16:03 From Dev Anand Teelucksingh : Glenn has one - we can look at that since it appears that noone was aware of it

12:16:06 From Glenn McKnight, Naralo : This is the one i made for the IGF Paris

12:16:07 From Glenn McKnight, Naralo : https://forms.gle/3DaeTPSBH41iTwF89

12:16:10 From Heidi Ullrich : and the raffle ? Swag once they send a note to Daniel?

12:16:18 From Sarah Kiden : Agree Dev. And depending on handwritings, sometimes it is not easy to type the addresses

12:16:56 From Dev Anand Teelucksingh : Exactly, Sarah

12:17:09 From DANIEL K. NANGHAKA : Yes, indeed we can have this as a new initiative for ICANN 66

12:17:35 From Heidi Ullrich : @Glenn, please include Silvia and I in these meetings

12:17:40 From Heidi Ullrich : This helps us all to coordinate

12:18:26 From Cheryl Langdon-Orr : ot that I can seee D. but as far as I know there has been recent joint acivity with the bi monthly APAC Space and of course outreache efforts within the time spent at the recent APrIGF in Vladavostof

12:20:40 From Heidi Ullrich : AI page: https://community.icann.org/display/atlarge/Action+Items%3A+2019-07-31+ALAC+Subcommittee+on+Outreach+and+Engagement

12:21:38 From davekissoondoyal : Hello all,

12:24:29 From Cheryl Langdon-Orr : Regional IGF was in Russia we still have multiple country based IGFs running around the region including ours in AU in October

12:26:01 From Glenn McKnight, Naralo : Oliver is very low

12:26:06 From Dev Anand Teelucksingh : Need to be louder

12:26:17 From Dev Anand Teelucksingh : a little better

12:35:02 From Remmy Nweke : Hi all, also having network error by the call
12:35:23 From Heidi Ullrich : ATLAS III presents a unique opportunity for potential At-Large leaders to be more engaged - and how they can carry out outreach in their regions.
12:36:05 From Heidi Ullrich : So, perhaps there can be some training/coordination on how to do outreach during the ATLAS III.
12:36:52 From Siranush Vardanyan : Fellowship Networking reception will take place on Saturday and Newcomers Day on Sunday at ICANN66, just FYI
12:37:24 From Heidi Ullrich : Thanks, Siranush!

12:42:34 From Judith Hellerstein : great to hear so will be good to meet them on saturday night at the fellowship networking event
12:43:15 From Glenn McKnight, Naralo : ICANN66 outeach by NARALO will not include a Showcase, we will focus on networking with the Fellows and NextGen and organize the booth if its available
12:43:41 From davekissoondoyal : ok thanks @Glenn
12:44:43 From Glenn McKnight, Naralo : We will ask staff to organize a table of the dates and times
12:45:30 From Heidi Ullrich : AIs: OCL and Daniel Nanghaka to coordinate on a session to present to ATLAS III participants on At-Large outreach and engagement activities. This is to include an overview of O/E activities, noting material they may need to engage in O/E in their regions and a follow up plan.

Sarah Kiden to coordinate with Maureen Hilyard, Daniel Nanghaka and Siranush Vardanyan to engage At-Large Fellows more into At-Large O/E activities.
12:45:33 From Remmy Nweke : Welcome Joan
12:46:09 From Filina Natalia : Siranush, we think up something interesting for fellows. Better - general presentation + some cases from at-Large members about ways from fellow to Board member for example-) great motivation
12:46:41 From Maureen Hilyard (ALAC) : +1 Joan to clarify roles of the two groups..
12:47:00 From Maureen Hilyard (ALAC) : but work together
12:47:41 From Glenn McKnight, Naralo : the last joint session had in mass the fellows leave before the NPOC session, it looked really bad
12:48:18 From Sarah Kiden : Thank you, Joan!
12:48:23 From John Laprise (ALAC/NARALO) : FYI I have to drop off the call at the top of the hour
12:48:25 From Cheryl Langdon-Orr : Thanks Joan
12:48:31 From Remmy Nweke : @Glenn, it also depends how long the session will be
12:48:48 From Maureen Hilyard (ALAC) : Great summary Joan
12:49:03 From Glenn McKnight, Naralo : Daniel are you still expecting me to report on NARALO outreach at ICANN 66

12:49:48 From Glenn McKnight, Naralo : You need to reach out to him to join the event on Nov 1st
12:50:00 From Heidi Ullrich : @All, re capacity building for At-Large, etc, may be useful to speak with GSE/Ergys during ICANN66 and propose some capacity development requests.
12:50:09 From Siranush Vardanyan : whatever will be planned which intend Fellows ' participation - needs to be communicated with me in advance, so i am aware of day and timing and if those events do not conflict with fellowship daily sessions (during lunch time), then for me to be able to encourage fellows to be there
12:50:13 From Glenn McKnight, Naralo : pjdarres@isoc.quebec
12:50:14 From Heidi Ullrich : They may have updates as well.
12:50:31 From Heidi Ullrich : Noted, Siranush
12:50:39 From Heidi Ullrich : We'll work with Sarah and you
12:51:02 From Siranush Vardanyan : @Heidi: great
12:52:21 From Cheryl Langdon-Orr : for events like that done when we were meeting in Durbin to be meaningful it takes a good block of time (more a day than a half day, so planning and logistics is essential to prepare with other planning as Siranush outlined
12:52:21 From Maureen Hilyard (ALAC) : It is going to be great to have Sarah as our liaison for the Fellowship as well
12:52:24 From Heidi Ullrich : AI page: https://community.icann.org/display/atlarge/Action+Items%3A+2019-07-31+ALAC+Subcommittee+on+Outreach+and+Engagement

12:57:21 From Maureen Hilyard (ALAC) : Sounds good to me
12:57:44 From Sarah Kiden : I would like to join too

13:10:54 From adam.peake : Day Zero: https://www.intgovforum.org/multilingual/content/igf-2019-pre-event-40-the-evolving-ecosystem-icanns-role-in-the-security-and-stability-of
13:11:12 From Heidi Ullrich : @Adam, we will get this page set up with more details: https://community.icann.org/display/atlarge/List+of+At-Large+and+ICANN-related+Workshops+at+the+IGF2019
13:11:19 From adam.peake : ICANN open forum (day 1 morning) https://www.intgovforum.org/multilingual/content/igf-2019-of-6-icann-dns-threats-and-opportunities
13:11:39 From Judith Hellerstein : Yes @dev Great points
13:11:41 From Olivier MJ Crepin-Leblond : @Dev: where should it go?
13:12:01 From adam.peake : Workshop about the legitimacy of the ICANN multistakeholder approach https://www.intgovforum.org/multilingual/content/igf-2019-ws-72-inclusion-and-legitimacy-in-multistakeholderism-at-icann
13:12:12 From adam.peake : Leon speaking on the latter
13:12:14 From Judith Hellerstein : Can we get a space on the Atlarge webpage and not the wiki
13:12:22 From Heidi Ullrich : @All, remember that all regions have just been given a number of table top banners.
13:12:29 From Heidi Ullrich : Do we need more banners?
13:12:48 From Heidi Ullrich : Vs a mobile friendly site for At-Large info
13:13:18 From Heidi Ullrich : Also, until the coordination of collecting info is in place, all the promotional materials will not be effective...
13:13:39 From Heidi Ullrich : As the names of interested people are not follow up on.
13:13:53 From Dev Anand Teelucksingh : https://www.npr.org/sections/health-shots/2019/06/11/729314248/to-save-the-science-poster-researchers-want-to-kill-it-and-start-over
13:14:12 From Judith Hellerstein : So that leaves us the at large blog
13:14:20 From Remmy Nweke : @Heidi, its important for the coordination ASAP
13:14:24 From Heidi Ullrich : @Judith, we can create a webpage on the At-Large site once the info is collected on the wiki.
13:14:35 From Dev Anand Teelucksingh : Yes - we can
13:14:42 From Dev Anand Teelucksingh : have a page on the blog
13:15:05 From Claudia Ruiz : @Daniel - Hand up
13:15:07 From Olivier MJ Crepin-Leblond : but we need to decide on a URL as early as possible
13:15:17 From Dev Anand Teelucksingh : https://www.youtube.com/watch?v=1RwJbhkCA58
13:15:22 From Olivier MJ Crepin-Leblond : atlarge.icann.org cannot be updated
13:15:29 From Olivier MJ Crepin-Leblond : can't create a new page
13:15:40 From Judith Hellerstein : @heidi what olivier said
13:15:52 From Remmy Nweke : Why @Olivier
13:16:26 From Rudi Daniel : good day all
13:16:28 From Olivier MJ Crepin-Leblond : because it requires ICANN Webmaster to add/delete pages to atlarge.icann.org --- and they are unavailable
13:16:46 From Cheryl Langdon-Orr : but yes link to the blog of course
13:16:48 From Evin Erdodu : @Olivier and all, the At-Large website can be updated by staff - depending on the request
13:16:51 From Cheryl Langdon-Orr : as well
13:17:15 From Evin Erdodu : For instance, we create pages for At-Large activities at ICANN meetings, ALAC statements, working groups, recent news, etc.
13:17:34 From Evin Erdodu : Please let staff know which pages you would like and when you would like them to be posted and we can organize accordingly
13:17:35 From Judith Hellerstein : Naralo has an existing mallard that we can use
13:17:37 From Cheryl Langdon-Orr : and we went to great expense to ensure the WEB site was accessible as well as mobile friendly
13:17:45 From davekissoondoyal : The Icann.org website provides RSS syndication, perhaps all relevant web pages from the icann.org could be pulled and consolidation to the icannatlarge.blog

13:17:45 From Claudia Ruiz : https://community.icann.org/display/atlarge/2019+At-Large+at+the+IGF+QR+Code+Material+Workspace
13:18:02 From Dev Anand Teelucksingh : Can this page be shown https://www.npr.org/sections/health-shots/2019/06/11/729314248/to-save-the-science-poster-researchers-want-to-kill-it-and-start-over
13:18:03 From Olivier MJ Crepin-Leblond : @Evin: can you re-create the WIKI page on the atlarge.icann.org Web site? If so then problem solved!
13:20:22 From Judith Hellerstein : However we cannot use the templates as they are not cleared by the comms unit within icann
13:20:40 From adam.peake : Thanks Dev, I will share with the Comms staff working on IGF preparations.
13:20:53 From Olivier MJ Crepin-Leblond : This needs to be resolved ASAP
13:20:58 From Dev Anand Teelucksingh : I disagree Judith
13:20:59 From Cheryl Langdon-Orr : well they are actuallya Pvt space a pilot if you choose
13:21:02 From Olivier MJ Crepin-Leblond : urgent priority
13:21:06 From Evin Erdodu : Please let me know which specific wiki page (URL / k-link), and I will follow up :)
13:21:26 From Olivier MJ Crepin-Leblond : @evin: https://community.icann.org/display/atlarge/2019+At-Large+at+the+IGF+QR+Code+Material+Workspace
13:21:27 From Cheryl Langdon-Orr : they are not an ICANN hosted space
13:21:35 From Evin Erdodu : Thank you @Olivier
13:21:40 From Sarah Kiden : Urgent priority :-)
13:21:40 From Raymond Mamattah : Can individuals get the PIN? Say few sent to Ghana?
13:21:47 From Dev Anand Teelucksingh : You can search #betterposter on Twitter to see https://twitter.com/hashtag/betterposter?f=tweets&vertical=default&src=hash
13:21:54 From Dev Anand Teelucksingh : what persons have come up with
13:22:00 From Olivier MJ Crepin-Leblond : This will be updated with all the different material.
13:22:02 From Heidi Ullrich : https://community.icann.org/display/atlarge/Action+Items%3A+2019-07-31+ALAC+Subcommittee+on+Outreach+and+Engagement
13:22:10 From Evin Erdodu : @Olivier I can create this page on the website, and put any content you wish on it, but community cannot edit / comment on it.
13:22:29 From Evin Erdodu : It is not interactive but we can display / link to any information we wish
13:22:40 From Cheryl Langdon-Orr : That should work Evin
13:22:51 From adam.peake : there was mention of using a laptop or tablet to take names at booths etc. Staff have been talking about the same, for general outreach and I hope the IGF. Working on it
13:23:55 From Evin Erdodu : @Olivier @Cheryl - bare bones page here:
13:23:56 From Evin Erdodu : https://atlarge.icann.org/get-involved/2019-igf-qr-code
