## POLICY

[Recientemente Ratificados por el ALAC](#) (desde la última reunión mensual de LACRALO)

[Phase 1 Initial Report of the Review of All Rights Protection Mechanisms in All gTLDs Policy Development Process](#)  
*Executive Summary TBD*

[Addendum to the Initial Report of the Expedited Policy Development Process \(EPDP\) on the Temporary Specification for gTLD Registration Data Team – Phase 2](#)

Executive Summary TBD

[Revised Community Travel Support Guidelines](#)

The ALAC noted that At-Large is unique within the ICANN community in that virtually all volunteers in At-Large activities, including those involving travel, do so as true volunteers. Without ICANN travel support, the number of active At-Large participants at ICANN meetings would be few in number. The ALAC specifically commented on wire transfer and foreign exchange fees/losses, visa reimbursement, travel insurance, ICANN arranged travel, room guarantees, forced overnight delays, early check-in and late check-out, as they pertain to the successful participation of the community during ICANN meetings.

**AFRALO-APRALO Statement:** [Middle East and Adjoining Countries \(MEAC\) Strategy 2021-2025](#)

The AFRALO and APRALO joint statement was the first joint RALO statement within the At-Large Community, in response to the ICANN MEAC Strategy 2021-2025. The countries that fall under the MEAC Strategy within AFRALO and APRALO provided feedback on strategy topics as security, ICANN's governance, unique identifier systems, and geopolitics.

**Note:** Ratified by the AFRALO & APRALO Leadership Teams and the ALAC.
