Summary

Board recognizes and appreciates the Swedish and Bulgarian registries for taking steps to sign their zones, thereby adding security to the DNS.

Text

Resolved (07.28), the board recognizes the importance of the steps the Swedish registry (SE) and the Bulgarian registry (BG) have taken to sign their zones and thereby lead the way in adding security to the domain name system. The board expresses its appreciation to the representatives of those registries and their colleagues for taking the time to come to Lisbon and share their experiences with the community.
